SITUATION OF PRINCE RUPERT

It is not an uncommon thing to hear people criticize the situ-sive transportation and still yield a ation of Prince Rupert and remark that it should have been built large profit, but most of it will have to at Port Simpson or some other point on the coast. And yet investi- new finds on the Big Missouri are more gation shows that the locators of the townsite chose wisely and attractive than those known heretofore. could not have done better. Also there was a mistake in allowing the lots to be cut so small.

Prince Rupert is the most central point to the industrial sec- tensive development under the managetion of the north Pacific coast of Canada and as such will develop steadily and more rapidly as the country around develops.

We are often advised to do our own thinking, but how do you start?

KAIEN ISLAND A GAME RESERVE

It does not seem to be generally known that Kaien Island is menced three years ago from the proa game reserve and that no shooting of any kind, even with 22 rifles, perty in the Marmot river part of the land. is allowed here. There are deer on the island and they are often Portland Canal district. During the shot by poachers because the law in respect to the park has not been past year 175 tons of ore were shipped. There is plenty of room for hunting without killing off the few animals that have taken refuge on the island and these should be carefully watched to see that the poachers do not get them.

Some of the tobacco shop parliaments are wondering whether it will be Premier Pattullo or Premier Manson after Honest John lays down the leadership. They seem to be convinced it is Prince Rupert's turn at the wheel.

DOING GOOD WORK FOR THE CITY

The Railway Company is doing very good work for the city in far the only means of access. A wagon the boys and tennis for the girls. It is seldom that there are not at least a few citizens enjoying the wonderful view from that place. Doubtless this summer it will be SCHOOL NURSE used a great deal by tourists, especially since the entrance to it has been made so attractive.

There have been several beauty contests going on in different parts of the continent and yet we have not noticed the absence of any of our local beauties from their accustomed haunts.

SHOWING APPRECIATION OF SERVICES

Complaint is often made in Prince Rupert that employers do a school nurse was considered at the 147, girls 147, attendance percentage not show appreciation of the work done for them. When an employee meeting of the school board last night. 9, with grade 8 making 98,14 per cent. leaves no word of praise is given, it apparently being thought sufficient that the salaries or wages have been paid. A case in point medical health officer, in his report and the banking had increased. She also is the attitude of the school board in allowing teachers to leave without one word of praise for the good work done, often under most trying circumstances.

A word of praise goes a long way and cheers and encourages | Chairman Rochester remarked that an employee for many a day. OFFICIAL OF GEOLOGICAL SURVEY TELLS OF PROSPECTS IN PORT-LAND CANAL DISTRICT

OTTAWA, June 9 .- A tone of optimism prevails in the Portland canal district in consequence of mining developments carried on during the past year. says Dr. George Hanson of the Geological Survey. The Salmon river part of the district, brought to the fore by the Premier mine, has become still more attractive through the efforts of the British Columba Silver Corporation on its property adjoining the Premier and by development by the Big Missouri Mining Company of new finds on the Big Missouri group of mineral claims. Due to increased mining activity the Premier Gold Mining Company has maintained its substantial dividends, although mining a much lower grade of ore than previously. Shipments of ore from the Premier mine during 1926 were at the same rate as those of the capacity was increased considerably, The British Columbia Silver Corporation is now in the more advantageous postion of having definite information to make the preparations for conferregarding the location and peculiarities ring of the honor on his arrival here Friday, June 10, 1927 of its ore deposit and its management either when he leaves for Honolinu convinced that it has a property of or upon his return journey. considerable value. MAY OFFER CURRIE FREEDOM OF VICTORIA

(Victoria Colonist) Sir Arthur Currie, the Principal of McGill University, will shortly be passing through here on his way to Honolulu. Sir Arthur is a former Victorian who has won perhaps a greater place in the life of the Dominion than any other resident of this city. It would be a fitting honor that he should be the first Canadian to be accorded the Freedom of the City and that his name should stand next on the honor roll to that of Lord Willingdon, the present Governor-General. There is ample time available to tender the necessary invitation to Sir Arthur and

To the Policyholders of

Confederation Life Association.

In connection with

1867 Confederation Diamond Jubilee 1927

The Directors of the Confederation Life Association are offering a number of prizes for the best short essay on the subject:--

"What Insurance in the Confederation Life Association Has Done for Me and My Family"

THE first prize will be \$150.00 cash, the second \$100.00 and the third \$50.00. There Owill be ten prizes of \$10.00 each and ten prizes of \$5.00 each.

The essay is to contain not more than three hundred and fifty words, and the statements therein must be absolutely truthful in every respect, and must refer to the policyholder or members of his family.

It may be suggested that there are many true stories of human interest where the payments of the proceeds of Life Insurance have enabled beneficiaries to purchase, or complete the purchase of homes, where mortgages have been paid off, children educated, homes protected, and causes of worry or discouragements removed, which, if effectively presented, would be most interesting.

Essays may be sent in by policyholders in the Confederation Life Association, or by members of their families including widows or children of deceased policyholders, and should be signed with full name and address and the policy number given. They may be sent either through an agent or directly to the Head Office of the Association, Toronto. and should be received at the Head Office not later than August 31st, 1927. The awards will be made as soon as possible thereafter, and those winning the prizes will receive their cheques at once.

All essays sent in are to be the property of the Confederation Life Association, and the essays or any parts thereof may be used in its literature and advertising. Names of policy-

holders, however, will not be used without the consent of he policyholder. As a policyholder of the Confederation Life Association, you or members of your family are invited to send in . true story.
