ARE SUCH THE TOBY METHODS?

The virtuous Tories, Frank Carlow, their informer, asserts, of Lord a thousand dollars to make his disclosures against the government of corruption in the matter of liquor purchasing. To such lengths, according to him, was that great reformer and advocate of cleanliness in public affairs, H. Despard Twigg, M.P., ready to go in order that a statement might be made to incriminate those horrible and dissolute liberals. That may be Mr. Twigg's idea of a good political move but it is to be questioned if the public will agree with him in it.

As the public benefactor which he assumes to be, Mr. Twigg is not enhanced by such exposure as these. Whether his general allegations be right or wrong, the methods he has used to support them are not creditable to himself or his party. If the Conservatives, out of power, cannot have their political fight on something better than this, it is hardly likely that they will be preferred against a government which, despite all the Tory wiles, they have been able so to attack so much of corruption.

NOT SO VISIONARY.

Major E. O. D. Spence, who has been busy recently trying to see how much over 200 miles an hour his special racing automobile will travel, predicts that another quarter of a century will see motor traffic travelling at the rate of 150 miles an hour over ordinary highways.

The surprising thing about this prophecy was that the public was not surprised by it. Twenty-five years ago it had been predicted that fifty miles an hour would not be an uncommon speed for motor vehicles on public highways in the year 1925 would have invited ridicule. And yet today there are few if any automobiles that are not capable of a speed of fifty miles an hour and there are few motorists who have not driven that fast or faster on occasion.

A speed of fifty and sixty miles an hour would have been dangerous on the typical road of a quarter century ago and it would be hazardous to drive 150 miles an hour on the representative highway of today, but there is every reason to believe that the motor road of twenty-five years hence will be as much of an improvement as the present is over that of a quarter century back.

It isn't far from 80 and 90 to 150 miles an hour, and already automobile manufacturers are advertising stock cars with speeds "as exact" of the former rates.

Twenty years ago speed limits ranged from 8 to 15 miles an hour; today there is neither observation nor enforcement of limits of 30 and 35 miles an hour where the road is straight and wide. Speed limits in this age of high speed seem to apply only where conditions make it difficult to break them.

MOVING INTO ONE'S OWN.

Well, it's getting toward moving time again, and how busy a good many folk will be! They'll have to bring in the piano box from the back yard, where it had been either a playhouse for the children or a coop for the chickens. They'll have to wrap the old comforts around the chifforoni, and newspapers around the chairs. The old house will have to be cleaned up, and so will the new one. Something will be lost—something always is—and much will be thrown away.

There is a great deal of waste about moving. Ben Franklin, in his wise way, said: Three removes are as bad as a fire. Yet when spring comes we see all the disadvantages of the old place; the landlord isn't willing to do very much in the way of papering and painting, and a new place looks a lot better.

What is even better than a new house of someone's else to live in, is a home of your own. Then when you want something done you do it yourself and have the satisfaction of knowing it has added a little to your own property. You feel established and your neighbors begin to think you amount to something. This year you buy new screens, and next year you put a little hedge around the lawn. The whole thing's yours. You have a just pride in it.

It is a fine plan, if you must move, to move just once more—into a home of your own.

ANNUAL DANCE BY ELKS LODGE

BROTHER MILLS' PROVED THEM BELIEVE EXCELLENT ENTERTAINERS AT EVENT LAST NIGHT

Maintaining their long-standing reputation as entertainers, the local Elks last night proved excellent hosts to a very large number of guests at their annual event, that ballroom dance at the Moose Hall in addition to the familiar decorations of artificial flowers there were large streamers suspended from the ceiling and other decorations that had a very pretty and novel effect.

During the dance program several songs were contributed by local talent and many more, contributed to the variety of a very pleasant evening.

Those dancing with vocal selections included Gen. Mitchell, E. Schmitt, Mr. Smith, J. Shaw and A. Small. After an appetizing supper had been served, at midnight there was an exciting hunt for dollar bills in some of the artificial flowers. This was enjoyed by the guests although they were often disappointed to find that some of the bills contained lost scraps of paper.

In the first half of the dance program an interesting balloon blowing contest was organized among the ladies seated at the tables. Prizes were awarded to Miss Catherine Jones and Miss Winnie Thompson as first and second prize winners in this contest.

An excellent program was discussed during the evening by Arthur's Generators which was agreed upon by A. Small and others. H. E. Millwright, master of the Elks, made a capable master of ceremonies and was assisted during the evening by other members of the committee consisting of S. J. Evans, K. A. McLaughlin and E. Schmitt.

The refreshments were looked after by Jack Cook and Eddie Cogg and Hugo McLeod, while W. Hunt and W. D. Vance attended at the door during the evening.

LUTHERAN LADIES' AID HOLDS SALE

Successful Event Held Yesterday Afternoon at Good Cafe (C)

A very successful tea and sale of goods was held yesterday afternoon at the Good Cafe, Third Avenue, under the auspices of the Ladies Aid of St. Paul's Lutheran Church. Mrs. T. D. Kline was general convener of the various committees and was generally assisted by the ladies of the society. The best cooking table was in charge of Mrs. E. Dahl who was assisted by Mrs. Margaret Kallgren.

The day work booth was looked after by Mrs. Thor Johnson and the tea room was in charge of Mrs. E. Skarheim who was assisted by Mrs. F. Whigham, Mrs. E. Peterson and Mrs. E. Helman. Mrs. C. O. E. Anderson acted as cashier for the afternoon. The tea room was well patronized and many articles of day work were disposed of to the immense delight of a nice sum being realized for the aid's work.

Ten Years Ago in Prince Rupert

APRIL 22, 1917. Aloys, defeated Prince Rupert yesterday in the basketball match at the gym by a score of 21 to 8.

Two men have left the city plant at Snowbird's Lake and there is possibility of a "bird" being won according to information given the council last night by Mr. Casey.

According to word received in the city, a big disaster has occurred in Umanu, Alaska, where the lower workings of the Treadwell Gold Mining Co. have become flooded. It is estimated that the damage will amount to \$100,000,000, while between 2,500 and 3,000 men have been thrown out of employment.

A Plaque, of the staff of Stewart and Hickey, has returned to the city from a visit to California.

Permission has been granted by the Dominion government for the construction of the new mill at West Cove. E. F. Doby is expected in the city in the course of a few days to proceed with the undertaking.

Mr. T. D. Faldutis has acknowledged receipt of the resolution passed by the city council relative to a city owned cold storage plant, coal wharf and other waterfront matters.

HOTEL ARRIVALS

Central: Ole Anderson, city; John Allan, R. MacKenzie and F. Powell, Vancouver; C. Griffin, Vancouver Bay; A. C. Young, Ocean Falls; Danny Williams and O. Campbell, Hazelton. Prince Rupert: Mrs. W. R. McKee, Mrs. Reid and George McKee, Georgetown Mills; E. G. Langley and A. W. Groll, Vancouver; D. T. Lutes, Lovers Inlet; A. Park, Prince George.

West: W. Herman, Port Renington.

D. T. Lutes, manager of the Lovers Inlet cannery, returned down the coast on the Gardner this morning after a brief business stay in the city.

STRONG DRAMATIC PICTURE SHOWING

"Max Nostrum" (The Great) shown at Westhills Theatre, Strong Start of Audience

"Max Nostrum" (The Great) which was presented in Europe in connection with the Westhills Theatre this week-end. It is said to be one of the finest pictures ever made in America or Europe of strong dramatic story is combined with technical beauty and fine performance on the part of the players.

"Max Nostrum" is one of those films that most surely reach across the centuries. It is the story of the life of a man who has been the most powerful man in his time. The picture is a masterpiece of dramatic art.

After an appetizing supper had been served, at midnight there was an exciting hunt for dollar bills in some of the artificial flowers. This was enjoyed by the guests although they were often disappointed to find that some of the bills contained lost scraps of paper.

In the first half of the dance program an interesting balloon blowing contest was organized among the ladies seated at the tables. Prizes were awarded to Miss Catherine Jones and Miss Winnie Thompson as first and second prize winners in this contest.
