Stampede Proved Great Drawing Card Yesterday and Was Much Enjoyed

Several Local Men Took Part in Events and Acquitted Themselves Very Creditably on Horses and Steers

By far the largest crowd of people that ever patronized a sporting event in the history of the city of Prince Rupert entered Acropolis Hill grounds yesterday afternoon for the stampede in connection with the Exhibition-the first event of its kind ever held here. The weather was propitious and, even before the scheduled hour of starting, the stands were filled to overflowing and people were perched on the fences at all hands with others peering between the wires and from the high points overlooking the field. The number paying admission was 2356 and the sum received \$2314. The event was a fitting*climax to Fair activities this year that
