It will be twelve years ago tomorrow morning (October 12, 1915) since Edith Cavell, a British nurse on duty at Brussels, was executed by a German firing squad in the courtyard of the military prison in that city by order of General Von Bissing, German Governor-General. The act went down as one of the atrocities of the Great War and in subsequent years the name Cavell Phone 109 has become virtually beatified.

Interesting Facts About Zam-Buk

A Natural Balm v. Artificial Salves.

wounds and sores. This was Zam-Buk carries health and by the application of costly healing into inner tissues and balms prepared, with consum- uproots deep seated disease. mate care, from valuable medicinal herbs.

When the secret of these preparations perished with the fall of Rome, civilisation fell back upon substitute ointments concocted of lard or wool-fat and crude mineral compounds of lead, zinc, mercury, etc.

way of healing has been made possible by the discovery of a powerful healing substance-Zam-Buk-which is in universal use to-day.

A return to Nature's own

The complete absence in Zam-Buk of solid particles of insoluble mineral drugs enables the tiny pores of the skin to

IN ancient times the Roman absorb the fine soothing, anti-I Gladiators had a speedy and septic, and healing extracts sure method of healing their without hindrance of any sort.

Its Remarkable Purity

Containing no animal fat to go rancid, Zam-Buk "keeps" indefinitely and its remedial virtues never change. The purity of Zam-Buk is proved by analysis which shows it to be 99.92 per cent. vegetable or organic matter (see accompanying table).

Scientific ingenuity has endowed Zam-Buk with a high therapeutic value in skin ailments-whether used for a cut, wound or rash, a case of chapped hands or cold-sores, or for the graver cases like ulcers, eczema, ringworm, poisoned sores, piles.

The Mineral Province of Western Canada

To the end of December, 1926.

Has produced Minerals as follows: Placer Gold, \$78,018,548; Lode Gold, \$126,972,318; Silver, \$80,787,003; Lead, \$106,976,442; Copper, \$209,967,068; Zinc, \$50,512,5577; Coal and Coke, \$284,599,133; Structural Materials and Miscellaneous Minerals, \$50,175,407; making its mineral production to the end of 1926 show an

> AGGREGATE VALUE OF \$988,108,470. PRODUCTION FOR YEAR ENDING DECEMBER, 1926, \$67,188,842

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees. Absolute Titles are obtained by developing such properties, the security of which is guaranteed by Crown grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing-

THE HONORABLE THE MINISTER OF MINES. VICTORIA, BRITISH COLUMBIA. N.B.-Practically all British Columbia Mineral Properties upon which development

work has been done are described in some one of the Annual Reports of the Minister of Mines. Those considering mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B.C. Reports of the Geological Survey of Canada, Winch Building, Vancouver, are recommended as valuable sources of information.

Reports covering of the Six Mineral Survey Districts are published separately, and are available on application.
