THE DAILY NEWS

WITH INTERNATIONAL PRESIDENT CLARENCE LOUGHEED IN AT-TENDANCE LAST NIGHT WAS

BIG ONE FOR GYROS

With a distinguished guest in the person of Clarence Lougheed of Calgary. International president, in attendance to direct the ceremonies, intallation of President Eddie Mann and other 1927 officers of the Prince Rupert Gyro Club took place at a dinner last night in the Commodore Cafe which was largely attended by members of the club and guests. A special bill-of-fare had been arranged by the restaurant management and, with an attractive program dispensed, the evening's proceedings was both impressive and en-

The first speaker was President C. H. Orme of the Rotary Club who conveyed the greetings of his organization and expressed appreciation for the in-Club to be present. The Gyro Club he said was doing a good work and was indeed seting the pace for the Rotarians. No mistake had been made by had worked with him and had found him always on the job and anxious to help in fair weather or foul. Before the installation ceremonies, nternational President Lougheed installed two new members of the club -Glen McMillan and "Budge" Paul. He gave an interesting account of the varibus organizations of Gyro-the district and international bodies-and duly charged the candidates with their

CUSTOMS PROBE IN BRITISH COLUMBIA.

Now that the customs probe, which indeed produced interest- duties and obligations in connection ing revelations, is closed as far as British, Columbia is concerned with Gyro affairs. anticipation will be keen as to the nature of the report and what . recommendations the commissioners may make. As far as the cus- stallation, the retiring president, Stan toms laws of Canada were concerned, and that was what the com- Taylor, paid tribute to the new presimission was primarily formed to investigate, there have been few dent, Eddie Mann, than whom, he disclosures of violations other that the possible re-smuggling of said, there was no finer citizen in liquor into the province. The investigation may also have been of Prince Rupert, and to the other capsome value to the United States in enforcing its liquor laws, that able officers and directors who had was one of its secondary purposes, but the most interesting disclosures and those about which the commission heard the most were the contributions to campaign funds-both provincial and federal. for the work that had been done and There are some who think that the admissions along these lines the loyal support given by his staff of may have covered up a multitude of sins. Thereby, probably, hangs officers and the members generally. a tale the relation of which would be more interesting than anything the commission was successful in bringing to light. Perhaps, the commission in its report may make some suggestions to clear tary Club which had much the same the air. Whether or not it will have been responsible for any re- ideals as Gyro and everywhere demonform, it has at least satisfied public curiosity to a degree. A real attempt has been made to reveal the true condition of affairs no matter whose reputations the truths might have injured.

ABSENT LEADER CAUSING WORRY.

All leisure moments are bright moments in the home that boasts possession of the New Orthophonic Victrola

THOSE moments can be merry, pensive, awesome, as you wish,-and whenever you wish. Anything that music will do for your spirit, the music of the new Orthophonic Victrola will do, since music played for the new Orthophonic Victrola by great artists and that same music played by this most companionable of instruments are one and the same thing.

The new Victor-controlled principle of "matched impedance," or smooth flow of sound at all registers explains the trueness of Orthophonic music.

Today, models of the Orthophonic Victrola

leader of the party who had no intention of leading in the generally son. W. J. Nelson and W. H. Tobey. accepted sense of the term?

This is one of the questions which is being asked throughout the province and even in the corridors of the Parliament Buildings appreciative though humorous referby quite a number of Opposition supporters who are beginning to ence to the work done by past presirealize the unheard of situation of a party leader attempting to lead dents and officers. The first president at a range of nearly three thousand miles.

Colonel Lister announced-an inadvertance which, it is un- conceived the idea of a Gyro Club in derstood, considerably perturbed Dr. Tolmie and his supporters - Prince Rupert and who had seen it that the provincial leader does not propose to seek election to the firmly rooted. Then came Roy Mc-Legislature until the next general election. Now that the cat is out of the bag, however, Conservative members of the House are keenly good nature had brought loose ends toaware of the anomalous position which they stand in this regard.

The less enthusiastic followers of Dr. Tolmie, while good preceding himself in the chair had Conservatives, are seriously asking themselves how their leader is been Stan Taylor under whom the club going to keep himself posted on the march of events, to say nothing had had its most successful year. With of taking responsibility for his party's actions, unless he can be such a firm foundation law and with on the spot for daily consultation.

So far they have not been able to find an answer to this question which will satisfy them.

MR. RATTULLO'S ANSWER TO HIS CRITICS.

In the Legislature the other day Hon. T. D. Pattullo, minister dertaken during the year by the club, of lands, completely answered those critics of the government's Mr. Mann lauded the playground protimber policy who are continually charging that this province's raw logs are going to the United States in too great a quantity and at the expense of the British Columbia's industrial expansion.

Mr. Pattullo showed that the total cut last year was three his heart, Mr. Mann said, was the idea Secretary Ed Kagy who was at Montbillion feet, and that the export of logs in the raw in proportion to of the establishment of a community real in connection with the co-incident the total cut was about seven per cent, or four per cent less than playground in the city. He expressed establishment there of the newest Gyro the export of raw material from little Finland. The minister also the hope that the Gyro Club would get Club on the continent. showed that out of the 225,000,000 feet in logs that left British Col- behind that movement and that, with umbia last year, 170,000,000 feet went to Japan and not to the United the combined efforts of various organi-States at all. And, what is more informative still, only about 50,- zations. the project might be realized 000,000 feet of these were cut from licensed areas under the con- during 1927. trol of the government.

Apart from the well-known fact that most of these raw logs President Lougheed for the effort Mr. Mann thanked International are of low grade timber and not easily marketable when they come had made, with some personal sacrifice, into competition with European timbers-as they do-it should not to be present. Owing to his illness, be forgotten that in the preparation of the export of those logs to there had been some doubts as Japan-with a small proportion to the United States-a good deal whether he would be able to com of employment is found for British Columbians. He does not pro- but happily he was here. Typical pose to take away their means of a livelihood and drive them across the district containing the world's the border.

On taking charge of the meeting. President Mann briefly outlined the

had been Milton Gonzales who had Naughton whose unfailing tact and indissoluble unit. Immediately the assistance of the splendid body of officers who had been elected together with the co-operation and aid of each and every individual member, Mr. Mann expressed his hope and trust that 1927 would be a banner year.
