ISLAND HIGHWAY WORK

Yesterday Hon. T. D. Pattullo announced that the work on the highway across Kaien Island as a part of the road to Terrace would proceed and be pushed to completion if possible this year. line and, of course, given a new name. That is what we expected but it is good news all the same. We needed just that assurance to keep us from feeling that perhaps there might have been a slipup and the money for the work might not be forthcoming. Those who expected to get steady employment on the road will be assured that the job will be there.

Times are bad when you have to make the old car do another year.

MINING CAMPS EXPECT TO BE BUSY

The mining camps of northern and central British Columbia expect to be busy this year. Yesterday mention was made of the prospects at Alice Arm and we have at various times told of the quickly closed abounded, and all day than she has been for a hundred mining going on or expected to go on at other places. Not only will the improvement be on Portland Canal Island but in almost every camp in the district. At Smithers the Duthie mine success is enthusing others to emulate their example. Dr. Endicott Tells of Chinese Problems but Sees a Bright Future Ahead for the Country

Pirates are Danger, and Labor Union Controls, but Still Improvements are Under way Everywhere in South

That in spite of the fact that pirates abound, disturbance is rife and labor unions control, China has a bright future according to Rev. Dr. Endicott, moderator of the United Church of Canada, who has been visiting Canton. "The faith of the Chinese people in their future is vastly more in evidence than twenty years ago," he says, pointing out that he has not once been insulted on this visit. He
