# CHURCH AFTER RAILWAY HEAD

**ACCUSES HIM OF GREED AND GAIN IN GEORGIAN CANAL DEBATE**

In the course of the Georgian Canal debate at Ottawa recently, T. L. Church, the heady Conservative member for Toronton, again took occasion to attack Sir Henry Thornton as follows:

Sir Henry Thornton refused to intervene on behalf of the public when it was proposed to alienate the Red Lake district. What is he doing today in connection with this particular matter? What is the policy of the government and what is the policy of the board of management of the National Railway? Nobody seems to know what their policy is. We do know, however, that when a radial railway bylaw in the interest of Toronto and thirty-two counties of Ontario was being voted on, Sir Henry Thornton intervened as an opponent of public ownership. These counties now want cheap light and power for the Niagara district. They wanted a transportation system as well. Sir Henry Thornton sent a telegram to destroy that particular work under public ownership. When he comes down to the Ottawa valley, he is prepared to surrender the valley all through new Ontario to the Mattawa river, for what? For private greed and gain, and he does not utter a whisper against this particular piece of legislation. He was the same person who surrendered half of the Port Colborne Railway to the Canadian Pacific.

The more I think of all these handouts to American millionaires, the more I survey this particular bill, the more I think it is a good thing that Labrador was handed over to Newfoundland. It is a good thing that Canada did not get it, because we might have given it away to the Siftons or American millionaires. It will now be developed for the good of the people of the British Empire and not for the welfare of a number of millionaires who come over here and enlist the sympathy of the Liberal party. I am opposed to this bill an grounds of public policy. The proposed bill and every part and parcel of it is nothing but a screen to hand over this whole valley to the super-power trusts of the United States. The canal is only a back-door scheme that will blind nobody, a smoke screen, as I say, to prevent the consideration of the true merits of the bill.

# HAZELTON

Vancouver papers say that the provincial department of public works intends to go ahead this year with a new bridge across the Bulkley River near Hagwilget to replace the present high level suspension structure. It is reported that the new bridge will cost $100,000 and that it will provide for two-way traffic. Dr. H. C. Wrinch, M.L.A. for Skeena, says that officials of the public works department have not yet taken the matter up with him.

An engineer of the provincial department of public works has been surveying the road down and along the bench going into Old Hazelton with a view to making it a sixteen-foot road or even wider. It is understood that this will be part of the eventual main highway between Prince Rupert and the Alberta border.

Douglas Lay of Hazelton, resident mining engineer, is on his annual lecture tour of the interior.

Mr. and Mrs. Clyde Hunt will be leaving shortly for Decker Lake where they will probably remain permanently. Mrs. Hunt has been an active member of the Women's Auxiliary to the Hazelton Hospital for many years.

The annual meeting of the Hazelton Horticultural Society was called for last Monday night and was adjourned until tonight when the election of officers and other business will take place. The society has a cash balance in the bank of $118 and owns property valued at $120.

Dr. H. S. Wallace, who has been in charge of the Haezlton Hospital during the absence of Dr. Wrinch at the legislature in Victoria, and Mrs. Wallace have left for the south. It is their intention to locate in Vancouver or Victoria.

Those who use the road between Haezlton and South Hazelton state that it is in splendid shape, the best it has been in any spring.

Mrs. William Grant was the guest of her daughter, Mrs. Norman Kilpatrick, at Smithers for a few days last week.

## The Children Will Catch Cold

Mothers should never neglect the first sign of a cold or cough where their children are concerned, for if they do some serious lung trouble is liable to follow.

Mrs. R. T. Hubby, 1022 Barrington St., Halifax, N.S. writes:—"The children are continually getting colds, but I have no trouble with them, for just as soon as they begin to cough I give them a dose of

**Dr. Wood's Norway Pine Syrup**

which breaks up the cold within a day or so. I get great results out of it and would not be without it for anything. I can highly recommend it to any one."

# VICTORIOUS MAPLE LEAFS RETURN HOME

**Ladies' Basketball Team Back from Tour of Conquest to Interior**

The Maple Leafs basketball team returned to the city on yesterday afternoon's train from Smithers where they defeated a picked Smithers team in two games in the semi-finals for the Northern British Columbia ladies' basketball championship. Members of the team included Miss Margaret Graham, (Captain), Miss H. Grant, Miss L. Lowe, Miss M. Harvey, Miss C. Harvey, Miss H. Sim, Miss May Thompson and Miss C. Irvine. In addition to the team, Ralph Smith accompanied the party as coach and manager, and Geo. Mitchell went as referee. Miss Mills also made the trip as chaperone.

# SPORT CHAT

A large number of friends and supporters of the Maple Leafs basketball team were at the train yesterday to welcome them home and congratulate them on their victory at Smithers. During their stay in the interior town they were treater very hospitably by Smithers friends who had arranged a dance for them on Friday night after the game. Members of the team say that they were greatly handicapped by the small hall and the very smooth floor to which they were not accustomed. At the same time they were quite willing to admit that the Smithers aggregation are a real snappy bunch, who checked very closely and often broke up their accustomed combination. Long passing was out of the question in the small hall and very often the game resembled more a scrimmage than the open play to which the Leafs are more accustomed.

Anyox has apparently started something new in the way of boxing decisions. Some mystery attaches itself to the draw decision given by the judges in the bout in which Dido Gurvich of Prince Rupert participated. His opponent retired in the fifth of six scheduled rounds, claiming a foul. The judges investigated and called the battle a draw. The most of boxing authorities would say that, if Ab Kirk was really fouled, he would be entitled to the decision on that ground. Otherwise, it would be a technical knockout for Gurvich.

The Victoria amateur hockey team of Montreal, has returned from its triumphant tour of Europe. The team left New York on January 22 for Sweden and, during the two months tour of Europe, played a total of fifteen games, all of which they won. The Canadians scored a total of 162 goals to their opponents fifteen. According to members of the team, the Canadian national pastime is making great strides in Europe and, in a couple of years, there should be several good teams there, especially in Sweden where the game has taken a firm hold.

There is no possibility of the Edmonton Commercial Grads making a visit to Prince Rupert for some time. The Canucks of Vancouver, champions of the province, meet the Grads in Edmonton on Tuesday night in the first game to decide the western championship. The winners will probably then travel east. The Vancouver team is making the direct trip to Edmonton and return.

## FEASTING HIS EYES

Mrs. Corntassel, from the rural districts, stopped her husband at the city's busy corner.

"Hiram," she expostulated, "th' way you stare at the limbs of those shameless city hussies is something scandalous. One would think you'd never seen legs afore."

"Well, Maria," drawled Mr. Corntassel, "that's just what I was beginnin' to think myself."
