NOTHING LIKE "FRUIT-A-TIVES"
FOR CONSTIPATION

MR. E. E. NEWMAN. Even the most severe cases of constipation yield to "Fruit-a-tives". Witness this

"Ever since leaving the army I suffered terribly from constipation. After spending a great deal of money on other remedies, I took 'Fruit-a-tives'. I can sincerely say it gave me permanent relief. I often thought testimonials were untrue. I will gladly assure anyone writing me that 'Fruit-a-tives' are all they are claimed

"Fruit-a-tives" goes right back to nature. Apples, oranges, prunes and figs give to it their fresh juices which are intensified and blended with tonics. Consequently, the action of "Fruit-a-tives" is naturally corrective and strengthening. It is a positive remedy for poorly functioning stomach, kidneys and bowels. This day buy a box of "Fruit-a-tives" your-

New System of Poultry Keeping-Get High-Priced Winter Eggs-Famous Poultryman

TELLS HOW

"The great trouble with the poultry business has always been that the laying life of a hen was too short," says Henry Trafford, International Poultry Expert and Breeder, for nearly eighteen

years Editor of Poultry Success. The average pullet lays 150 eggss. If kept the second year, she may lay 100 more. Then she goes to market. Yet, it has been scientifically established that every pullet is born or hatched with over one thousand minute egg germs in her system-and will lay them on a highly profitable basis over a period of four to six years' time if given proper care.

How to work to get 1,000 eggs from every hen; how to get pullets laying early; how to make the old hens lay like pullets; how to keep up heavy egg production all through cold winter months when eggs are highest; triple egg production; make slacker hens hustle; evening and sailed for Ocean Falls, self. Feel well, vigorous, again. 25c and \$5.00 profit from every hen in six winter months. These and many other money making poultry semets are contained in Mr. Trafford's "1,000 EGG HEN" system Dry Cedar and Birch wood, \$4.50 per of poultry raising, one copy of which C. L. Monroe, government agent at load. Cameron's Transfer. Phone 177, will be sent absolutely free to any reader 74 of this paper who keeps six hens or more. There is big profit for the poultry R. B. Young, well known Port Simp- keeper who gets the eggs. Mr. Trafford them to make money for you, cut out this ad and send it with your name Women of Mooseheart Legion's Child- and address to Henry Trafford, Suite ren's Masquerade Dance in Moose Hall 292A, Herald Bldg., Binghamton, N.Y., 73 and a free copy of "THE 1,000 EGG HEN" will be sent by return mail.

PACIFIC TYPE EVAPORATED MILES Years ago when Pacific Milk

began every condition for making a perfect evaporated milk was present. A market might | be gained but only a perfect milks, its purity and quality preserved, could hope to hold it. With grateful feelings we see. in looking over the history of its splendid patronage, the confidence it gained so early in its career has been held and annually enlarged. And for this perhaps more than anything! credit must be given to the quality which constantly has been maintained.
