PRESIDENT OF FAIR BOARD SETS EXAMPLE.

Frank Dibb set a good example for the despatch of Exhibition affairs when he had his committees for the year named and announced within twenty-four hours of his election as president of the Fair Board. Mr. Dibb, like practically all the directors of the Fair Board around him this year, is a business man and energetic worker. If all follow his example in settling down to the task in hand there should be no delay and little trouble in getting things adjusted.

WHAT MAY BE EXPECTED OF TORIES.

Should the Conservatives ever get into power again in this province, the people will, at least, have some idea of what they may expect from them. The party that goes to such lengths to malign its political opponents as the Tories are going now and at the same time has not a single suggestion to make in the way of constructive legislation may be expected, if it ever should attain to power, to continue the same tactics of wasting people's time and the people's money.

Departing from the campaign of chicanery and vilification that the Conservatives are now waging, forgetting the dross and reverting to facts, what is the result when the merits of the two parties are compared? The thoughtful people can reach their own conclusions and they will choose accordingly. They will adjudicate in favor of the party that has carried on during the past ten years, when conditions have often worked against them, and brought to the province much valuable legislation for its material and social betterment. They will disregard those who, jealous of what has been accomplished, can only hope for success by trying, through slander and insinuation, to paint the other fellow blacker than they are themselves.

RIDICULOUS PIECE OF POLITICAL ROT.

Another rotten political statement that has been circulating around Prince Rupert lately has been that it was Mr. Brady who was responsible for the vote for the fishermen's floats here, that it was he who forced the government to place provision for such in the estimates. Such a statement has been actually forthcoming from Conservative mouths. It is, of course, ridiculous though, under the circumstances, it might be better if such a thing could be possible for we will have to endure Mr. Brady for the next five years. If he proves up he will really be able to do such things for Skeena and it will not be necessary for his party to credit him with things that somebody else accomplished.

MORE GOOD THAN EVIL IN WORLD.

Do not be distressed overmuch by news of evil. This is a wide, wide world. It contains much that is bad, but more that is good. Righteousness is slowly, but surely, triumphing over sin.

If you do not believe that, or merely have not realized it, turn for a moment to contemplation of happier things. Turn your tired eyes from the day's record of evil to the day's golden roll of honor. There is more of good news than of bad news today, every day. There is more to see on the sunny side, and it is more worth seeing.

There are only two reasons for gazing at ugly things: either that we may more fully know evil when we meet, even in gilded robes; or that we may grapple with it and blot it out.

Broad highroads of honor lead to every worthy goal of life. The mud roads are in the lowlands, leading only to dissolution and corruption. If we travel the mud road it is at our own volition.

Sin is not the harvest of life. It is the chaff threshed from the wholesome grain and will be swept from the threshing floor. Why look upon the chaff when the grain is there?

If some days the volume of chaff seems greater than others, know that the threshing has been more thorough.

This is a wide, wide world, and full of sweetness for those who would find it.

REVOLT AGAINST WILD LIFE, JAZZ

PENNSYLVANIA PURITANS ARE BEING LED BY 19 YEAR OLD STENOGRAPHER

PHILADELPHIA, Feb. 22.—Led by a 19-year-old stenographer with the euphonious name of Rose Marie Carney, hundreds of young people in Pennsylvania and New Jersey are in revolt against "the wild parties of this jazz mad age." They are organizing "slow clubs" to carry out their ideas.

More than 25,000 have enlisted for the campaign in charters that already number well above 50, organized to give entertainments in harmony with the clubs' name and professed ideals. More than 60,000 have shown interest by attending meetings.

The first "slow club" was organized here only two months ago, in consequence of a letter to the Philadelphia Evening Bulletin from a young man who signed himself "Dusty." He wanted to know why he was not popular. Rose Marie answered saying that she admired his type as he described it and suggested that clubs be organized to facilitate introduction of similarly minded young persons.

The idea caught and spread. A flood of letters poured into the offices of the newspaper. One young man called for an organization meeting at the Haddington Public Library, and at the appointed hour the auditorium was jammed with enthusiasts. At present there is an average of nine meetings a night in Philadelphia alone.

SUBSTITUTES DEVISED
The clubs substitute for "nerve wracking parties, necking and flask toting" are dramatics, debating, athletics, hiking, and dances at which extremes, among which the black bottom is listed, are barred.

The clubs are organized and controlled by the young people themselves, but cooperate with organizations of older persons. The Women's clubs supply chaperons.
Rose Marie, who is rarely called Miss Carney by her followers, makes her appearance at nearly every organization meeting and makes it a point to introduce the apparently shy ones at the "Get Acquainted dances" that follow.

COBHAM'S VISIT BEARS RESULTS

STRONG COMMITTEE APPOINTED TO INVESTIGATE MANITOBA'S AVIATION POSSIBILITIES

WINNIPEG, Feb. 23.—The mission of Sir Alan Cobham, famous British aviator, to Winnipeg, has already borne definite results. Following a meeting at which Sir Alan relating his experiences in flying from Great Britain to Australia and back, a committee of leading Winnipeg citizens was formed for the furtherance of commercial and civil aviation in Manitoba.

The committee will investigate the possibilities of aviation in the province and co-operate with other provincial bodies that are working for the organization of a dominion-wide aerial league.

Among those which are included on the Manitoba committee are Hon. W. R. Clubb, minister of public works in the Bracken government, Mayor R. Webb, D. C. Coleman, A. W. McLint, H. R. Drummond Hay, Col. W. G. Bell, Major G. Northwood, W. McCurdy, C. S. Riley and C. Heubach.

In urging the formation of light plane clubs, Sir Alan offered to supply any needed statistics relative to aviation.

LABOR COUNCIL HAS MEETING RE ELECTION

Fitting Reference Made to Death of Charlie Hunter at Gathering Last Night

A special meeting of the Trades and Labor Council was held last evening in the Carpenters' Hall at which arrangements were perfected to take care of the election on Friday in which Delegate James Black is receiving the support of the council. Brief addresses were delivered by several delegates and headquarters were selected for election day.

The president, in the opening stages of the meeting, made fitting reference to the death of Charlie Hunter, an old-timer in the city and an active worker who had been associated with the labor movement for the past eighteen years.

The meeting, which lasted about an hour was well attended and the principal business transacted had to do with plans for the civic by-election.

ALBERTA POOL TO OWN FACILITIES

Following Example of Saskatchewan Wheat Pool in This Respect

The Alberta Wheat Pool is following in the path of the Saskatchewan Wheat Pool in deciding to acquire its own elevator facilities. The Alberta pool has already leased the government terminal elevator in Prince Rupert, and is negotiating with the government for a lease of the Vancouver terminal, and has recently announced officially that it will build or acquire, in 1927, a line of 100 country elevators at a cost of approximately \$1,250,000.—Farm and Home.

These people should have BOVRIL when they get home — to ward off a chill

SIX OUT OF TEN IN U.S. DO NO WORK

Percentage of People Gainfully Employed is Becoming Less

NEW YORK, Feb. 23.—A smaller percentage of the population works for pay in the United States than in Great Britain and Ireland, Germany, France and Italy, according to a statistical survey of "gainfully occupied persons" made public by the National Industrial Conference Board. The report said:

"Less than four out of every ten persons in the United States in 1925 were working for a living. The other six were living on the returns of their investments or were being supported by others or at public expense. Whereas the gainfully occupied in 1910 numbered 38,167,396 persons, of 41.5 per cent out of a total population of 91,972,266, there were 41,614,248 out of a total of 105,710,820, or 39.4 per cent so occupied in 1920. But for 1925 the gainfully occupied are estimated at 42,910,000, constituting only 37.2 per cent of the census-estimated total population of 115,378,000.

"The Netherlands and Denmark recorded a lower proportion of gainfully employed than the United States for 1920, their number constituting 37.7 per cent of the total population."

The decrease since 1910 in the number of "gainfully employed" persons in proportion to the total population was attributed to relatively larger school and college attendance and restriction of immigration.

WOMAN IN DESPAIR HELPED BY VINOL

"I was weak, run down and on the verge of despair when I got a bottle of Vinol. I am now improving. Vinol is wonderful."—Mrs. E. C. Horn. You'll begin to feel stronger, eat and sleep better, the first week you take this simple, strengthening iron and cod liver compound. For over 25 years, Vinol has helped run-down women, tired men, sickly children. Contains no oil—pleasant to take. Orme's Limited, Druggists.

Ten Years Ago in Prince Rupert

FEBRUARY 23, 1917
The wife and family of E. R. Cox, local manager of the Government telegraph service, have arrived from Hazelton to make their home here.

Mrs. A. M. Manson and family have left for Victoria today to join Hon. A. M. Manson.

Jack Bradbury has been appointed to the executive committee of the Returned Soldiers' Association of the province.

An interesting lecture was given last night by Brigadier McLean of the Salvation Army in the barracks. Illustrating plates mentioned in the address with lantern slides, the speaker took his audience from Newfoundland to California.

The Prince John is undergoing repairs, and alterations at the Wallace Shipyards following her recent stranding in Wrangell Narrows.

Judge Young returned to the city

Give the children SHILOH FOR COUGHS

last evening from Hazelton where he has been holding court.

Fred Watson, an old timer of the city, has enlisted with the Canadian Engineers.

Inspector Bell, in charge of the Whitehorse division of the Royal Northwest Mounted Police, was in the city yesterday on his way north.

ROBERT M. CURRIE, Applicant. Dated December 17, 1926.

STOMACH TROUBLE

Bad indigestion and poverty to the point of starvation were recognized as equal evils as far back as the time of Rabbie Burns. Of what use is money or food, if the stomach fails in its duty?

The healthy person does not and should not even realize that he has a stomach. Digestion of wholesome, normal food should be automatic. But this cannot be if the stomach is receiving less than its full supply of vital energy.

When the stomach fails in its functions, two courses of relief are available—you can reduce the quantity and variety of your food to fit its subnormal capacity—or, you can have the cause removed by spinal adjustments which restore the flow of vital energy to full capacity. Which is best?

"I EAT MOST ANYTHING."

"I have suffered from a bad form of stomach trouble for as long as I can remember—at least ten years. I have vomited my food even when a school-boy and have also been suffering a great deal from bladder and kidney trouble. I commenced to take adjustments taking 36 adjustments in all. Now, three months later my stomach is in good condition, and I can eat most anything I like without it hurting me. My severe bladder and kidney symptoms have also disappeared, and I feel fine." — Archie Preston, Chiropractic Research Bureau, Statement No. 2077-N.
