BASKETBALL LAST NIGHT

LITTLE COMPETITION IN FOUR GAMES—ELKS DEFEAT ALL-STARS

Tuxis 10, Stars 15.
Bankers 12, Terminals 59.
Elevator 17, Grotto 59.
Elks 32, All Stars 9.

Another good crowd attended the four basketball games last night which in each case were won by rather large scores. In the senior league fixture the Sons of Canada were not able to field a team against the Elks and an All Star team stepped into the breach and were defeated by a good score.

Individual scoring was as follows:

Junior League

Tuxis Boys—B. Hunt 8, M. Sakamoto, E. Smith, W. Patmore, J. Currie, F. Morrison 2; total 10.

Stars—E. Smith 9, T. Kelsey 2, W. Donald 4, D. Morrison, A. Cross; total 15.

INTERMEDIATE LEAGUE

Bankers—A. E. Walters 12, G. Hills, G. Hill, R. Mortimer 6, F. Smith 2; total 20.

MOOSE DEFEAT ST. ANDREW'S AND MOVE TO FOURTH POSITION

The Moose moved out of the cellar position in the billiard league last night when they defeated St. Andrew's by a score of 952 to 856. The St. Andrew's thus move to the foot in the standing with only eight points separating them from the Gyros who occupy second position and 24 points behind the leading Terminals. The individual scoring was as follows:

G. McIlmoyle (Moose) 200, F. Pyle (St. Andrew's) 152.
J. Hillman 168, G. P. Tinker 200.
J. Judge 200, Bert Morgan 127.
Joe Brown 200, M. M. McLachlan 177.

SPORT CHAT

Gene Tunney, world's heavyweight champion, has engaged in 61 contests, scored 30 knockouts, won 15 decisions, lost one decision, engaged in 14 no-decisions and one no-contest.

Miss Sybil Bauer, the 23-year-old swimming champion who died recently in Chicago, held 23 world backstroke records in all distances from the 100-meter to the quarter-mile event. Her victories included the 1924 Olympic games backstroke championship.

Scouts, looking for material to strengthen the ranks of clubs forming the National Hockey League, have been looking over prospects in Western Canada. The form shown by the Calgary Tigers in the Prairie Professional circuit, has particularly attracted their attention and it is reported that Manager Rosie Elmer, has received several tempting offers for some of his proteges. Helmer, however, has rejected all bids and declares he intends to keep the league-leaders intact. "Money couldn't buy any of these players just now," Mr. Elmer said. "I have had several offers, but have refused all of them. The Tigers are out to win the championship and I shall not part with any of the players. The latest offer from the N.H.L. was for a defence man."

The committee which has been considering the possibility of erecting a suitable building for athletic purposes with provision of a swimming tank seems to have done considerable preliminary work i nthe matter. The question, which was brought to the attention of the city council on Monday night, will be further considered at a later time and a canvass of the city will be made for funds. The committee is not favorably disposed to the erection of the building on Acropolis Hill as it is considered too far from the centre of population and not easy to get to in bad weather. Gymnasium equipment will hardly prove a good enough drawing card to make the scheme a success even if located in the heart of the city. A few years ago a lot of athletic and gymnasium equipment was only used slightly in the old McIntyre Hall, and later on in the exhibition building, some of this same equipment, with some additions, was scarcely used. The swimming tank, however, should prove a real attraction, judging by the success of this feature in other places.

The basketball schedule will be continued as already outlined and, if it is found necessary to play the postponed games or some of them, then these will take place at the end of the season. This should prove satisfactory to all the teams in the league and make for greater intefest if some of the teams in second position think they are capable of capturing first place before all the games are played. The announcement that the Maple Leafs will journey to Smithers for a match will also be welcome news and it is hoped that Anyox will send their ladies' team for a game later on.

PRIEST SPEAKS OF FLAPPER TROUBLE

Could be Avoided by Studying Little Girls, Says Father McShane—Smoking is an Abomination

MONTREAL, Feb. 23.—(By Canadian Press).—Father McShane, addressing the Business Women's Unit of the Catholic League, said: "Perhaps if we studied more the little girl we would not have the trouble of the modern flapper. There is a type of flapper that is almost degenerate. The modern tomboy is a good girl. She is probably more moral and upright than the little girl who is too effeminate." The speaker praised the Girl Guides as a wonderful institution.

Cigarette smoking by the women has no ally in Father McShane, who stated his belief that it is an abomination for women to smoke. As a rule, a woman has more character than a man, he pointed out; therefore, she was expected to exercise more restraint.

VERSAILLE PALACE OF KINGS IS CRUMBLING

Due to Mushroom Growths That Science Cannot Conquer

PARIS, Feb. 23.—The Versaille Palace of Kings is threatened by the crumbling of its woodwork due to the various mushroom growths that science has not yet conquered.

A modest old priest, the Abbe Bourdot in the village of Saint-Priest-en-Murat after 42 years of study, has learned why the Versaille timbers and panels are turning to dust. Other scientists are seeking methods to kill the parasite and protect the wood. So far they have not succeeded. It cost more than 12,000,000 francs recently to replace destroyed wood and make other repairs. The expenditure was made possible by the aid of John D. Rockefeller, Jr.

ONE OF CURIOUS SIGHTS IN LONDON

LONDON, Feb. 23.—One of the curious sights of daily London life is the way the poorer classes obtain medical treatment for their domestic pets.

In a drab street of one of the poorer suburbs stands the oldest veterinary college in London, built originally in 1791. Here in the stonepaved courtyard assembles daily a motely and forlorn body of from 20 to 50 people who have brought a strange medley of animals for the skilful attention of the surgeons and students.

Nothing is charged these poor applicants. Wounds are dressed and first aid is given on the spot to dogs, cats which are the most numerous patients, and also to goats, monkeys, parrots, canaries, fowls and ducks. Many of the animals must go into hospital for operations.

OXFORD PRESIDENT IS ABOUT TO RETIRE

OXFORD, Eng., Feb. 23.— Sir Herbert Warren, who is about to retire from the presidency of Magdalen College, Oxford, has been at the head of that school for more than 40 years and has imparted an air of social distinction to the institution.

He managed to get the Prince of Wales for a student, in spite of the fact that the Prince's grandfather went to Christ Church College. More recently Prince Chichibu, of Japan, selected Magdalen as his college and took the very rooms the Prince of Wales occupied.

ELOPING TO MICHIGAN LOSES ITS NOVELTY

DETROIT, Feb. 23.—Eloping to Michigan has lost much of its novelty for Ontario and Ohio couples.

A law effective a year ago requires that names of applicants for marriage licences be published for five days before the ceremony is performed. Four thousand fewer licenses were issued here in 1926 than in 1925, principally because Windsor, Chatham and Walkerville, Ont., couples went elsewhere to wed when the law took effect.

Monroe, Mich., near the Ohio border, issued less than half as many licenses last year as the year before, and other border towns count heavy decreases. Ohio couples now marry in their own state where no delay is required, and many Michigan couples go to Ohio. Meanwhile Ontario has made its marriage laws more rigorous, forestalling those who would go from Michigan to that province.

STAFF OFFICERS IN FRANCE MUST ALSO BE STENOGRAPHERS

PARIS, Feb. 23.—French general staff officers must be stenographers as well as military geniuses. A War Department order just issued requires them to learn, as rapidly as possible, at least the rudiments of typewriting.

The necessity of being able to transcribe secret orders and documents, that cannot be seen by even the most trustworthy secretaries, was given as the reason.

FLYING FIELD AT EDMONTON OPENED

EDMONTON, Feb. 23.—Edmonton has opened an aviation field, known as the Blatchford Flying Field. Experimental winter flying tests are to be carried out to different points, two machines from the High River forest patrol station being used in the work. It is the first municipal flying field opened in Canada.

As a result of these tests, it is understood that a service, both mail and commercial, will be inaugurated in the Peace River country.
