

A Watch to be Proud of

During the many years we have been selling watches we have never handled an assortment better than the new lot of imported watches received this Fall.

Since the war, owing to unsettled conditions, a great many inferior watches have been put on the bargain counters and many of them will not keep going more than a year.

One of our new makes has all the steel parts of stainless steel, which will not rust even if exposed to water.

Prices from \$15.00 up. Let us show you!

THE Breath of Life is better, when breathed by healthful lungs. Lungs depend upon nerves for their motive force.

PARLIAMENT TO DISCUSS CANADA'S FUEL PROBLEM

OTTAWA, January 2.—(By Canadian Press).—The fuel problem has always been a more or less pressing one in Canada but the indications are that it will take a more prominent place heretofore this winter in the discussion both inside and outside of the Dominion parliament. The speech from the throne intimated that legislation would be brought down to further encourage the production of coke from Canadian coal. There is a question of freight rates on coal from Alberta and the Maritime provinces before the board of railway commissioners and the Tariff Advisory Board has a reference asking for increased protection on certain classes of coal.

There are no coal mines in the provinces of Ontario and Quebec. A considerable portion of the coal used in these two provinces comes from the Pennsylvania and Virginia mines, the much shorter haul giving these states a decided advantage over the mines of Alberta and Nova Scotia. For some time, however, there have been agitations to make the rates on Canadian coal low enough that Western Canada coal and coal from Nova Scotia could be brought to the Central provinces on a competitive basis with that from the United States.

NATIONAL POLICY

Two resolutions on the order paper when the House of Commons adjourned for the Christmas recess, placed there by T. L. Church, Conservative member for Toronto North-East, call on the government to provide a "National Policy" with regard to coal. The Alberta members as well as those from the Maritime provinces will no doubt join in support of further action in this

WATER NOTICE

DIVERSION AND USE.
TAKE NOTICE that Department of Public Works of Canada, whose address is Ottawa, will apply for a licence to take and use 3,000 gallons per day of water out of unnamed stream, which flows eastwardly and drains into Dodge Cove on the east side of Digby Island, B.C. The water will be diverted from the stream at a point about 100 feet west of the northeast corner of lot 36, subdivision C of part of Lot 1993, Rainy V., and will be used for domestic purposes upon the land described as Dodge Island. This notice was posted on the ground on the 22nd day of November, 1926. A copy of this notice and an application pursuant thereto and to the "Water Act" will be filed in the office of the Water Recorder at Prince Rupert. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper. The date of the first publication of this notice is November 19, 1926.

KLEMTU CANNING CO. IS INCORPORATED

Announcement Made of Forming of New Concern—Will Operate Cannery Down Coast from Here

Another salmon cannery in this district comes formally into being in the Klemtu Cannery Co., Ltd. announcement of the incorporation of which is made in the B.C. Gazette. The new concern, which has been established by R. G. Johnston, manager of Inverness Cannery on the Skeena River, has a capitalization of \$35,000 with head office in Victoria. It will own and operate the cannery which is already under construction at Klemtu (China Hat) down the coast from here.

FORMER LOCAL NURSE HAS DIED IN SOUTH

Mrs. McCutcheon Was on Staff of Prince Rupert General Hospital Some Four Years Ago

Word has been received in the city of the recent death in the south of Mrs. McCutcheon, a former nurse on the staff of the Prince Rupert General Hospital. The late Mrs. McCutcheon, who was engaged in her profession here some four years ago, is survived by a daughter.

HOGMANAY DANCE WAS SUCCESSFUL

St. Andrew's Ladies Were Hostesses at Enjoyable Affair in Auditorium

The largest crowd which has attended the annual Hogmanay dance of the Ladies' Auxiliary of St. Andrew's Society in many years was present at the Auditorium on Friday evening. An excellent dance program was arranged including many Scottish dances for which the music was provided by an orchestra composed of John Bremner, Jas. Lee, James Watt, and Mrs. J. S. Black. Music

for the regular dances was furnished by Miss Jean Currie's orchestra.

The whole event was very delightful and dancing kept up until well after 2 o'clock with a very large number present for the home waltz.

The ladies' committee was composed of Mrs. Durran, Mrs. Christison and Mrs. Dalgarne and they were very able assisted by members of the men's organization. B. Dalgarne made a very capable master of ceremonies, while several of the men took their turns at the door.

The Well-Managed Home

THE manager of a household is the purchasing agent for a large proportion of the family needs. In order to do a good job she must know what, when and where to buy. She must study goods and the concerns which make goods and have them to sell. She must put her home on a business basis and run it on business principles in order to make the most of the family income.

Information is the only basis for intelligent purchasing. And the right way to get the greatest amount of necessary information is to read the advertisements.

Advertisements tell you what is new and good in merchandise. They reveal improvements and inventions to make your home life easier, more comfortable and more convenient. They give you information about a thousand and one things that are useful.

Every manager of a household--every member of the household who shares the responsibility for the family's welfare--should make a habit of reading the ads.

Read the advertisements in order to buy wisely

FIRE LOSS DURING DECEMBER LIGHT

Department Responded to Four Alarms During Month, Loss Being \$180,50

The fire department responded to four alarms during the month of December and the total loss was \$180,50.

The calls to the Savoy Hotel on December 1, and to the Commodore Cafe on December 29 resulted in no loss. On December 17 the residence of George Hudema suffered the loss of \$5,50 and on December 16, the candy store next to Joe Brown's was damaged to the extent of \$175.00.
