New York Yankees Won Close Baseball Game Opening World Series

Score Five to Four at Pittsburg Today Makes Exciting Finish for First of the Big Games

PITTSBURG, October 5.—The New York Yankees defeated the Pittsburg Pirates 5 to 4 today in the opening game of the World Series. A record-breaking crowd, close to 45,000, looked on while the National champions were sent to defeat largely through the bad third inning when the winners scored three runs on one hit, two errors and two bases on balls.

Kremer was forced from the box in the sixth when Lazzeri started with a double, Miljus going in to hold the Yankees to one hit and no runs for the remainder of the game.

SPECULATION ON LEADERSHIP

Guthrie Still Favorite for Head of the Conservative Party in Canada

OTTAWA, Oct. 5.—The chief opposition to Hon. Hugh Guthrie as leader of the Conservative party in Canada is likely to come from Hon. R. B. Bennett of Calgary and C. H. Cahlan of Montreal. The latter having a very strong Quebec support claiming that the only way to save Quebec is to "appoint" a Quebec leader.

Bennett has a strong support in the prairie provinces, but the support of Guthrie is not likely to be sectional, but rather general from all the provinces.

Delegates are already setting out for Winnipeg from different parts of the East.

NO RETALIATION WITH AUSTRALIA

CANBERRA, Oct. 5.—Premier Bruce flatly denied the allegation circulated in some quarters that Australia's recent increased duties on motor chassis imported from Canada was imposed as an act of retaliation for Canada's refusal to allow reciprocal tariff treatment with regard to Australian butter. "I do not think any responsible person in Canada would make such a baseless suggestion," Premier Bruce said in reference to the allegation.

CONTRACT IS LET FOR NEW POLICE CRUISER

VANCOUVER, Oct. 5.—The Wallace Shipyard Limited of North Vancouver have been awarded the contract for construction of a powerful cruiser for the Royal Canadian Mounted Police in the western Arctic to cost \$90,000. It will be completed May 1, 1928.

The new boat will have accommodation for thirteen men and a cruising radius of several thousand miles. It will be built of British Columbia fir sheathed with iron and having an ice-crushing bow and ice-resisting frames.

VIC FOLEY KNOCKED OUT BY FILIPINO

LOS ANGELES, Oct. 5.—Johnny Hill, Filipino, was awarded a knockout over Vic Foley of Vancouver in the eighth of a ten round bout. Foley claimed he was fouled in the eighth but it was disallowed.

WATER POWER DEVELOPMENT

The present recorded water-power resources of the Dominion will permit of a turbine installation of 41,700,000 horse power. The total hydraulic installation up to the end of 1926 throughout the Dominion was 4,556,226 horse power or less than 11 per cent of the recorded water power resources.

THE STORY OF SIXTY YEARS

Scarcely anything could typify more vividly the advance in transportation which has occurred in Canada in the 60 years of Confederation than this photograph which shows a locomotive of the 1867 vintage, compared with one of the giant 1927 passenger model locomotives of the Canadian National Railways. This Goliath of the road is designated as the 6100 class and it is the largest passenger locomotive in the British Empire. Because of the year in which it was built this locomotive has been named "The Confederation."

EXECUTIONS MEXICO CITY

Prominent Officers Said to be Implicated in Revolt Last Sunday

MEXICO CITY, Oct. 5.—General Francisco Serrano, one of the alleged leaders of the Mexican revolt which broke out Sunday together with 13 followers, all prominent politically, have been executed.

Lieutenant Colonel Augusto Manzanilla, chief of the sixteenth battalion Torreon garrison, where there was also trouble, was executed with all the officers of his staff.

The revolt broke out Sunday when eight hundred of the Mexico City garrison marched out of the city.

REBELLION CRUSHED

It is officially declared that the revolutionary movement has been crushed except for two small forces all of them commanded by General Arnulfo Gomez, presidential candidate. Three more executions are reported of rebellious leaders.

PRINCE RUPERT GETS NO RELIEF FROM THE PRESENT COAL RATES

OTTAWA, Oct. 5.—Prince Rupert gets no relief from the present Alberta coal rates. The submission by the Prince Rupert Board of Trade asking for a lower rate on Alberta product was among those concerning which the Board of Railway Commissioners announced that they were opposed to any change in rates.

Prince Rupert Should Have Better Steamship Service With Stewart Says Woodland

"What this city needs just now is closer steamship connection between it and the Portland Canal mines," declared George A. Woodland, agent of the Imperial Oil Co. here and chairman of the mining committee of the Board of Trade, who is just back from a visit to Stewart. "Close connection with the mines by steamship would be worth as much to us as, or more than, a small smelter right here."

Mr. Woodland is much enthused with the development going on in the Stewart district. The most spectacular feature there just now is the rich strike at Silverado from which he brought samples of silver that may be seen at the Daily News Office. He says there is a 14 inch vein of ore resembling the Cobalt ores which goes \$400 to the ton and another vein in steel galena \$200 to the ton.

The great feature of the camp just now is the fact that, although it is autumn when usually people are leaving, just now everybody is working and preparations are being made for winter work both in and around Stewart and also at Marmot River.

Building Permits This Year Are Well Ahead of Last and Should Show Big Figure Soon

City building permits for the first nine months of 1927 show a gain of well over \$8,000 over the total for the same period in 1926. The present year started slowly but during the summer there has been quite a gain and, with several other large undertakings now under way but not yet recorded at the office of the city building inspector, the total for this year will no doubt amount to a figure considerably in excess of 1926. Among the building for which permits have not yet been issued are the new Besner block at the corner of Third Avenue and Third Street, repairs exceeding \$100,000 at the provincial government wharf and the new mill being built at Seal Cove.

Building so far recorded this year represents a value of \$132,985. The total for the first nine months of 1926 was \$124,305.

Month	1927	1926
January	\$5,850	\$15,805
February	5,175	25,500
March	6,550	7,950
April	18,900	22,650
May	8,825	9,375
June	22,595	12,600
July	22,275	11,575
August	8,565	7,600
September	37,350	11,150
Total	\$132,985	\$124,305

Nickel Mine at Sudbury Collapsed Leaving Only Huge Yawning Cavity

SUDBURY, Ont., October 5.—The Worthington mine of the Mond Nickel Company, 25 miles from here, collapsed yesterday leaving a yawning cavity in the earth's surface more than four hundred square feet in area, engulfing the power plant and several hundred yards of Canadian Pacific Railway track.

A house in which was a miner and his wife and child tumbled down the cavity forty feet but the people were not injured.

The district rocked to a series of vibrations which were accompanied by a terrific grinding as the surface gave way.

The property loss is not great as the mine was to have been abandoned soon. The miners working below ground had sufficient warning to enable them to get out with the result that no lives were lost.

LOGGING COOK MUST BE PAID MINIMUM WAGE

That is Decision of Court of Appeal in Test Case at Vancouver

VANCOUVER, Oct. 5.—Leave to appeal to the supreme court of Canada was refused Robert Allen and Fred Thrasher by the British Columbia Court of Appeals in the case involving a point whether the cook in a logging camp must be paid a minimum wage of 40c an hour.

The point was whether the cook would arrange with the employer to accept a monthly wage instead of the minimum wage. The Court of Appeal awarded the plaintiff cook, Cecil Compton, judgment for \$150 on the basis of 40c an hour for the time he was subject to call. The cook had to be paid for from twelve to fourteen hours a day.

H. G. Robertson, counsel for Allen and Thrasher, argued that the matter was of great importance to 3,450 logging operators and 391 sawmill owners in the province and the amount of money affected totalled about \$9,000 a month.

NEW UNITED STATES CONSUL REACHES CITY

G. C. Woodward Arrives to Succeed E. A. Wakefield Who is Transferred to Mexican Post

G. C. Woodward, who is to succeed E. A. Wakefield as United States consul in Prince Rupert, arrived in the city from the south on the Prince George this morning. Mr. Woodward, who has seen long service in the United States consular corps, has been recently consul at Campbelltown, New Brunswick. He has been spending a short time lately in Vancouver. Mrs. Woodward will be arriving in the city later.

Mr. and Mrs. Wakefield will sail tomorrow night on the Prince George for the south to spend a few weeks' holiday at Pacific Coast points before proceeding to Ensenada, Mexico, Consul Wakefield's new post.

DECISION IN SANKEY CASE

Appeal Court May Deliver Its Judgment Today in Matter of Change of Venue

VANCOUVER, Oct. 5.—Decision may be reached late today in the case of Joseph Sankey, Indian murderer of Miss Loretta Chisholm at Port Essington last year, who is asking the Court of Appeal to change the venue from Prince Rupert to either Vancouver or New Westminster for his retrial.

Preliminary objection to the court's jurisdiction was taken by A. M. Johnson, K.C., crown counsel, who submitted that there was no appeal admissible from Mr. Justice Morrison's order refusing a change of venue.

A. H. MacNeill, K.C., counsel for Sankey, with J. E. Bird, argued that the right of appeal was given under English law to British Columbia when it was applicable to the province in the crown colony days of 1838.

JAPANESE GUILTY OF UNLAWFUL WOUNDING

VANCOUVER, Oct. 5.—A verdict of "Guilty of Unlawful Wounding" was brought by a jury against T. Matsuo, who was charged with attempted murder of K. Ikeda by striking him with an axe in a lane April 17. Accused pleaded that he was drunk and did not know what he was doing.

TIME FOR A HOT-DOG CASTLE

The town is growing by leaps and bounds, and if we can stir up a few more enterprising business men we will be a "city" before we know it. The latest additions are Alfred E. Erickson's second-hand store and Con. Gronseth's shoe-shining stand. Who's next with some new line of business?—Sutton's Bay (Mich.) paper.
