The city has this particular elevator site assessed at \$100 per front foot or \$150,000 for meeting ever held in the city. That was the total 1,500 feet. The vote to the G.T.P. bond holders was \$165,- did he expect then that it would ever 600. Ballots were their administrative abilities in the past in other spheres. D. B. Hanna, the chairman, is a canny Scot and, if he follows the right course, will, undoubtedly make a success of the job. He possesses the necessary practical and cold business attributes that the board must require. Stewart McLenaghan will be able to take care of the legal end, while Dr. R. J. Manion's experience as a minister of the pointed. crown should stand him in good stead for his new work. The members of the new board are all adequately capable and experienced to administer Ontario's liquor laws if they follow the straight and narrow path.

PRINCE RUPERT'S NEW FAIR BOARD.

The Northern British Columbia Agricultural & Industrial Association has made some happy choices in its selection of directors to conduct the 1927 exhibition. Business men are well represented as "How can Rupert be freed so that amalgamate with its neighbor, the on the board and every member has the experience and energy necessary for the work. An important thing to remember is that the board must work thereby choked down, because tariffs The tariffs would need to be lowered hard and that the public must give it general support and assist in various ways when called upon. Only in that way will success be achieved and it is essential that the Fair should be a success this year. Another blow like last year would probably kill it and the majority of people in Prince Rupert, now realizing that the Fair is their trade with foreign countries. distinctly beneficial to the city and district, do not want to see that.

Ald. W. J. Greer was unanimously reelected president at the annual meeting last evening of the Prince Rupert Liberal Association. Thus the association paid tcken of appreciation for his splendid work of last year. His re-election was moved by David Thomson and seconded by Duncan Kennedy. Ald. Greer expressed his unwillingness to monopolize the office and called for further nominations, himself nominating David Thomson. J. A. You can get Quaker Oats in two forms-the large plump whole flake or the half flake, rolled thin, and partly cooked. Both are of the same Quaker Quality, famous in 58 countries.

If you wish to make porridge while you boil the coffee or make the toast, use Quick Quaker. It cooks in 3 minutes.

When food must satisfy and "stand by" you

Most people have to do more than two-thirds of their most important work in the forenoon. To supply this energy, they need a breakfast that satisfies and will "stand by" them throughout the morning.

That is why health authorities urge good breakfasts—why the matchless flavour of Quaker Oats makes it the breakfast of millions of people. Its delicious taste awakens lazy appetites and thus promotes easy digestion. Its bulk and tender bran assist in the assimilation of other food and aid in one of nature's most important functions.

Quaker Oats is the most perfect of all cereal foods. It supplies the elements which build tissue and give energy, as well as the important vitamines and mineral salts. It contains 16% protein and 65% carbohydrates.

For better mornings, have Quaker Oats for breakfast. No other is "just as good", for no other has 50 years' experience in grain selection and milling behind it. See that the picture of the friendly Quaker is on the package.
