

Neglected Eyes

NEGLECT is doubtless the cause of most of the ills that afflict humanity. This is so self evident that it seems hardly necessary to tell you. If your eyes are giving trouble, have them attended to—and at once.

OF ALL absurdities in the kingdom of foolishness, surely the loss of eyesight through neglect is the most inexcusable.

DON'T lose health and efficiency through neglect. Come and see!

REPAIR GRAVE SOAPY SMITH

St. Louis Man Sends Fifty Dollars for Purpose Recently to Skagway

It was 29 years ago Sunday July 10, 1898, that the remains of Jefferson Randolph ("Soapy") Smith were confined to the earth from whence they came, on a bleak sidehill a mile above Skagway overlooking the valley through which the Skagway River hurries its way to the sea. Since that time many thousands of curious people, prompted by curiosity, have visited "Soapy's" grave, but it is not known that any of the many curious ever manifested a financial interest in it. On the contrary they went, looked and departed, many of them murmuring something about the pathway of the wicked being festooned with thorns. And for 29 years the soothings of the south wind in summer have broken the otherwise stillness of that cemetery and frost from the hoary mane of Old Bory has lain heavily upon it in winter when the north winds shriek and tear ruthlessly over the resting place of the dead and strike terror in the hearts of the living.

All these years have the grave of "Soapy" Smith withstood the ravages of time, negligence and the tramping of the curious, but now a philanthropist at St. Louis has come forward and instructed that \$50.00 be spent in putting the grave in repair, and to show that he meant it he wired the amount.
