P-TA Council Probes Possibility Of Sponsoring Scholarship

At the rate young people are training for the teaching profession today, there will be a shortage of 25,000 teachers in Canada by 1955.

This is disclosed in a resolution received by the Prince Rupert Parent-Teacher Council from the National Home and School Association. Read at the regular monthly meeting of the Council in the Civic Centre, the resolution urged that all Parent-Teacher Associations take whatever steps are possible to interest young people in teaching as a career.

Acting on the resolution, the Council recommended that the four individual P-TA's investigate the possibility of sponsoring jointly a scholarship in teacher-training to be awarded to the most suitable pupil each year. Judging would not necessarily be based on academic standing.

In further business at the meeting, Council members decided to investigate the possibility of adapting a system of rating every movie that plays in Prince Rupert. The purpose would be to enable parents to judge the movie's suitability for children and young people. Ratings would be based on those given monthly in "Parents" magazine.

It was also decided to order at the earliest opportunity a supply of "Scotch Lite" luminous tape for use as reflectors on school-children's bicycles. Children will be charged for the tape at 20 cents per bicycle.

Those present included Mrs. H. Mark, president; Mrs. J. Ridsdale, secretary; R. G. Moore, J. S. Wilson, Mrs. G. Cook, Mrs. A. E. Carlson, Mrs. N. Halliday, Mrs. A. Logan, Mrs. H. Lindseth, Mrs. R. Tough, Mrs. K. Hardy, Mrs. H. Rensvold, Mrs. J. Denning and T. G. Bateman. Next P-T Council meeting will be held Jan. 26.

Ring, Necklace Testify Climb Of Ford Career

NEW YORK (AP) — They started the auction with Henry Ford's first wedding gift to his wife—a modest little ring—and ended it with his 1931 Christmas present to her—a magnificent diamond and emerald necklace a queen would envy.

The ring sold for \$80, the necklace for \$92,500, mutely telling the story of Ford's climb through the years from an obscure mechanic to fabulous wealth as a mass producer of automobiles.

Nineteen pieces of the late Mrs. Ford's jewelry, ordered sold by the executors of her estate, brought a total of \$157,595 at the Parke-Bernet galleries on upper Madison Avenue.

Proceeds will go towards the Christmas party for children of union members.
