GERMAN RAIL-ROADS BETTER

BURDEN OF DAWES PLAN DOES NOT PREVENT IMPROVED RAIL ACCOMMODATIONS

BERLIN, Feb. 16.—Travel in Germany, alerady noted for comfort, is to be made more comfortable and attractive.

The German Railway Company will put into service on the Berlin-Copenhagen route early in the New Year three new passenger coaches of a type to be introduced in the whole system as rapidly as conditions will permit. In point of comfort and artistic beauty these new cars offer striking testimony to the manner in which the company has overcome the tremendous burdens placed on it by the Dawes plan and by difficult business and industrial conditions. The compartments are finished in the finest mahogany and American bird's-eye maple, bevelled mirrors and artistic pictures adorn the walls, and the lighting and ventilation are exemplary.

Another new departure has been introduced by the "Mitropa," the company that operates the sleeping and dining cars. This is a "kitchen car," to be run on routes having no dining car. Two compartments at the end of a third-class wagon have been equipped as kitchen and pantry. Cold dishes and simple warm dishes will be served in the compartments on small folding tables.

BRETONS CAN NOW KEEP THEIR COSTUMES

SAINT MARLO, (Brittany)., Feb. 16.—There is joy in picturesque Brittany and the pardons and fetes of this old Celtic land, whch always have been an attraction for tourists, will be carried out in 1927, as in the past, for the quaint Breton costume which was threatened with extinction has been saved. This has been due to the intervention of five Brittany deputies. They petitioned the Minister of Finance, urging that the application of the de luxe tariff of 12 per cent., instead of the ordinary two per cent. to the silks and dibands in the aprons and shawls of the Breton costume was unjust because these articles were comprised in the regional dress of the poorest peasant. If the de luxe tariff were insisted on in this case it would force the peasants to abandon their time honored costume.

The Minister of Finance has recognized the justice of the claim and has modified the terms of the decree concerning tax collection so that in future Breton aprons whatever the price, will be taxed on the 2 per cent. scale only. Breton shaws and scarfs other than those in wool, will be subject to the de luxe tariff only when the price exceeds 60 francs. Woollen shawls of course pay the ordinary tariff of 2 per cent.

ORME'S ONE CENT SALE LASTS FOR THREE DAYS

A one cent sale will commence tomorrow morning at Ormes Limited. It will last for three days, until Saturday night. This sale is on all Rexall goods whose quality has made them so popular. The stock is all fresh and newly packed and this is not a clear-out of odd and old lines. It is one of the Rexall people's ideas of advertising. And that the idea is a good one is borne out by these sales coming along every once in so often.

The plan is that for every Rexall article you buy, at the ordinary price, for one cent more you get another of the same thing. Most people know the quality of the Rexall goods and this is an opportunity to spend these odd cents to the very best advantage.

Better visit Ormes Limited as soon as you can after tomorrow morning and don't put off to the last as that busy store will be busier than ever for these three coming days.

VESUVIUS GETTING NEW CAP AGAIN

NAPLES, Feb. 16.—Tourists who saw the perfect conical shape of Vesuvius 20 years ago, prior to the great eruption of 1916, which blew off the whole top of the volcano, may see the original shape again in the near future, according to the prediction of Professor Alessandro Malladra, head of the Versuvius observatory.

The renewed activity of the peak is transforming the present flat summit into a pointed one by the deposit of stratum upon stratum of lava upon the summit around the eruptive cone.

The professor declares that this process will continue until the volcano has resumed its original shape.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 8,000 board feet per acre west of the Coast Range and 5,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price for first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partly free, permits are available for settlers, campers and travellers, up to ten head.
