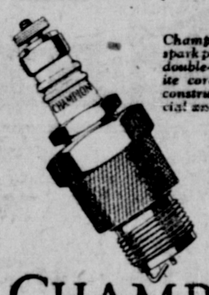
SPORT CHAT

Plenty of enthusiasm on the part of spectators has a psychological effect on players and often helps them win a game. It may not make a poor lot of poor players into good players, but when honors are about even, good backing from supporters helps. The sailors in port this week were strong on cheering, it was noticed, when they won the boat race Thursday evening.

It is announced by the management of the Victoria Day celebration that one third of the proceeds of the event will go to the fund for surfacing the grounds and for that reason it is thought will be supported by the public. The sports include half mile for boys under twelve; three quarter mils for boys under 16; one mile for boys under 20; four mile bicycle for those under 16; pole vaulting for those under 14; a school relay for four boys 10 years and under cover[illegible] half mile. There also is a baseball game at three between the Gyros and Native Sons. The management is asking that entries for all the events be in not later than Monday afternoon.

The Traffic Officer

It's a safe bet that the cars which step-out with the "go" signal are equipped with Champions—the *better* spark plug. If every car owner used Champions there would be fewer traffic jams.



Champion is the better spark plug because of its double-ribbed sillimanite core—its two-piece construction and its special analysis electrodes.

PATRICIAN SEAMEN BEAT STOKERS IN PULLING MEETING

The seamen of H.M.C.S. Patrician won from the stokers of the destroyer in the pulling event yesterday afternoon with a lead of 2 3-5 seconds in the two races. In the first race, the time of the seamen was 11 minutes and 47 seconds, while the stokers was 11 minutes, 53 seconds. In the second race it was 11 minutes 50 4.5 seconds and 11 minutes, 47 2-5 seconds respectively. A penalty which the stokers were docked in the first race for fouling at the start lost the event for them.

SMITHERS

At a public meeting called by the school board this week a site at the corner of Second Avenue and Columbia Street was chosen for the new High School here by a vote of 85 to 11 over a site near the top of the hill on Main Street. It is possible that the new building may be of brick veneer.

This is the "clean-up" period in Smithers. Between May 19 and 28 was designated by the town council as the time that premises must be put in order.

Enroute to Toronto to attend a conference with head officials of the company, H. E. Sparks of the Huronian Belt Co. of that city was a visitor here last week to go over mining possibilities in this district with L. S. McGill and F. H. Taylor. Mr. Sparks has been in British Columbia all winter gathering data for his company.

Milk and cream shipments from the Bulkley Valley to Prince Rupert increased 22.7 per cent and 41.35 per cent respectively according to report of F. B. Chettleburgh, secretary of the Bulkley Valley Dairymen's Association.

A committee from the Native Sons of Canada now has the job in hand of planting one hundred maple trees in various parts of the town.

Light users are being warned by the Smithers Electric Ltd. that they must go easy in their use of electricity. Owing to overload, the generator burned out at the power plant and Smithers was in darkness last week from Wednesday to Saturday.

Frank H. Taylor spent the week in town and brought most encouraging reports of developments at the property of the Topley Consolidated Co. at Topley. The road is practically completed and men are now at work stripping the big showing of valuable ore on the Topley group.

The Catholic Women's League here has elected officers as follows: president, Mrs. J. A. Macdonald; vice-presidents, Mrs. J. N. Carr, Mrs. L. B. Warner and Mrs. J. P. Downey; treasurer, Mrs. F. H. Johnson; secretary, Miss Margaret McDonnell; delegate to national convention at Montreal, Mrs. H. D. Thompson.

Donations made to the local hospital as a result of National Hospital activities totalled $250.

The walk to serve residents in the vicinity of the Fair Grounds has been completed and work has now been started on a new sidewalk on the south side of Second Avenue.

Having minor operations at the Smithers hospital during the week were Mrs. S. A. Eby and J. Connery.

Two large auto trucks, which were in use at the Duthie mine for a short time two years ago and which were the subject of a recent court action in Seattle, were loaded onto a flat car this week for return to the United States.

Mrss Mary McKenzie, daughter of Mr. and Mrs. John McKenzie, has left for Vancouver where she will spend some time continuing her musical studies.

Several officials of the department of fisheries, Ottawa, were in town this week to examine progress of fish hatched during the past two years. Another planting of eggs will be made at Lake Kathlyn about the middle of June.

Amputation at the first joint of her index finger was made necessary for Miss Alice Latimer following an accident while splitting wood.

W. H. Doodson has been laid up at his home during the week with influenza and nervous trouble.

Tom Carr, one of the well known Carr brothers of Smithers, has returned after an absence of several years.

Mrs. Norman Kilpatrick has returned to Smithers after having spent three weeks visiting with her parents, Mr. and Mrs. William Grant.

Mrs. D. D. Munro has left here to take up her summer residence at Terrace.

Thomas King has returned to town after having spent several weeks at Prince Rupert where Mrs. King is seriously ill.

After an absence of several weeks in the south, Ernest Woodworth of the provincial department of public works returned to Smithers this week.

"Will Morning Never Come?"

"IF I could only sleep I believe my nerves would soon be all right, but night after night I lie awake and think about everything under the sun.

"What chance is there of getting better so long as this goes on?"

"None. Nerve force is being exhausted nearly twenty-four hours of every day, and there is no rest and sleep in which to replenish the waste."

"One thing sure I cannot stand it much longer, for I know that every week—yes, every day—finds me more restless and nervous, and less able to stand the strain of the day's work."

"I suppose the doctor could give me something to make me sleep, but I don't want that. I am weak enough now. I want something to build up strength rather than to tear down the tissues of the body."

"I believe I will try Dr. Chase's Nerve Food. I have often heard of it, but never thought I would need to use it. I was always so strong and healthy."

"This nervous trouble is a peculiar ailment. No one would believe what I suffer from sleeplessness and nervousness. I do not look like an invalid, but I certainly am one."

"One thing sure I shall not spend another sleepless night before I begin using Dr. Chase's Nerve Food. I expect it will take a little time to get my nerves right, but I shall get half a dozen boxes and give it a try out. Something seems to tell me that I shall not be disappointed."
