## WOMAN AS LORD MAYOR

When a man is Lord Mayor his wife is Lady Mayoress. Now there is a lady elected to the chief position in Liverpool and she is being designated Lord Mayoress and Lord Mayor and Lady Mayoress. Nobody seems quite sure what to call her. At any rate she occupies the exalted position and it is the first time a woman has been so honored in that city or has so honored the position. She is an unmarried lady. She is said to be an outstanding woman, Conservative in politics, and has spent much time in welfare work so that she has the title of "Liverpool's Little Mother."

## OPPOSITION TO WHEAT POOL

Finding it impossible to successfully compete against the big co-operative organization individually, most of the Winnipeg grain dealers have combined their forces, the total combination being capitalized at something like \$100,000,000. Whether this organization will be any more successful in the future than the individual firms have been in the past is something that can only be surmised. At any rate they should be in a much more advantageous position. They are said to control a great many elevators.

## DUNNING AND THE PEACE RIVER

Hon. C. A. Dunning is right in saying that there should be more branch lines in the Peace River country but wrong when he refuses to recognize the need of a western outlet. The difficulty just now is that while the government is Liberal, most of the British Columbia representatives just now are Conservatives and Conservative members do not count with a Liberal administration just as Liberals do not count with a Tory administration. About all we can do is to sit back and wait. Settlers in the district are not worrying because they are given a rate on wheat almost as low as if they had a direct route to the coast. This is done through the co-operation of the Dominion Government.

We think the Dominion Government is wrong in not recognizing the need of the railway but just what we can do about it we do not see.

## DISLOYALTY TO TOLMIE

That there has been disloyalty to Hon. S. F. Tolmie, leader of the Conservative party in British Columbia, is quite certain. Many Conservatives admit it. They deplore the fact but it is a fact. Of course, if some Conservatives would rather have Mr. Bowser for their leader they have a right to say so. There is no such thing as capital punishment for political disloyalty.

Yet we are inclined to think Dr. Tolmie will hang on to the job in spite of the opposition from members of his own party. He is not a brilliant man but he has a lot of bulldog tenacity and we think we can see him winning out.

## JOB FOR LEAGUE OF NATIONS

Here now is a test of the effectiveness of the League of Nations. Jugo Slavia and Bulgaria are at each other's throats and it looks as if there might be war if the League does not stop it. Quick action is often necessary in these cases.

## LOCAL POLITICAL SITUATION

The local political situation is a curious one. Mayor S. M. Newton has announced himself a candidate for provincial honors. Although not appointed a delegate he has gone to the Winnipeg convention and has a right to sit there and vote as the editor of a Conservative newspaper. Local Conservatives have appointed J. S. Brady, M.P., as their delegate, totally ignoring the announced candidate.

Several courses will lie open to the Conservatives of the district. They may adopt Mayor Newton as their candidate, they may induce him to withdraw and endorse another candidate or they may run an official candidate against him. Naturally many of them do not like to have a candidate foist himself on them as he has done on more than one occasion and the probability is that if he cannot be induced to withdraw he will be ignored and the fight will be a three-cornered one. In the meantime there is no contest in sight just now so the tangle may be straightened out before an election comes on. Time is a great adjuster of difficulties.

It is to be assumed that Hon. T. D. Pattullo will again be a candidate when the time comes to nominate, but that is a matter for the Liberals to decide.

MAYOR NEWTON  
RESIGNS FROM  
ORGANIZATION

Feels Himself Not Well Treated  
by Board of Trade so Quits  
That Body

At the meeting of the Board of Trade last night the resignation was received of Mayor S. M. Newton, who complained of treatment accorded him at the banquet given for the Canadian Chamber of Commerce recently.

President Fulton explained the circumstances which were briefly that arrangements had been made before the party arrived as to who should sit at the head table. A place had been reserved for Mayor Newton but the Mayor of Battleford, who had joined the party here and of whose presence the committee was not aware, was with Mr. Newton and a special place could not be found for him. There had been some discussion in regard to this, much to the confusion of the visiting mayor, but it had been found impossible to comply with Mr. Newton's request.

It was decided to write a letter to Mr. Newton and the city council explaining the position of the Board in accepting the resignation.

MEMBERSHIP DRIVE  
IS SUGGESTED FOR  
BOARD OF TRADE

The question of a membership drive for the board of trade was discussed last night, at the regular monthly meeting of that organization. It was suggested by the president that possibly the fees might be reduced from twelve dollars a year to ten.

George Arnold suggested it might be cut to six dollars to induce more citizens to join.

Charles Evitt was opposed to any reduction. He thought anyone having the advancement of the city at heart would be willing to pay twelve dollars, and in this he was supported by E. C. Gibbons. It was finally decided to ask the membership committee to become active, with no change in the fee. This committee is composed of Olof Hanson, Joe Scott, Lionel Holtby, and Dave Thomson.

COOPER WRINCH AND  
MISS CAMPBELL WED

Popular Interior Couple Pass Through  
City on Way South for Honeymoon

Cooper H. Wrinch, whose marriage in Hazelton on Thursday afternoon by Rev. J. H. Young, United Church pastor, to Miss Rock Campbell of Los Angeles, was the outstanding event of the social season in the interior town, arrived in the city on yesterday afternoon's train from the interior with his bride. They are guests at the Prince Rupert Hotel until they leave for Vancouver and other points in the south.

Mr. Wrinch, second son of Dr. H. C. Wrinch, M.L.A. for Skeena, is a well known and popular resident of Hazelton where he has lived since early boyhood. He is postmaster there and conducts a drug store.

Mrs. Wrinch also lived in Hazelton as a girl and her mother still resides there.

OLD TIME SCOTTISH  
DANCE SUCCESSFUL

Crowd of 100 Persons Attended Pleasant  
Event Last Night in I.O.O.F. Hall

The first of a series of Scottish dances to be held by the St. Andrew's Society during the coming winter months took place last night in the Imperial Order, Daughters of the Empire, Hall. In spite of adverse weather conditions, a crowd of nearly 100 persons was in attendance. Dancing was in progress from 9 o'clock to two.

James S. Irvine was master of ceremonies and Ben Ferguson presided at the door. Others on the committee included George Scott and Howard Steen. Music was furnished by John Bremner, J. Watt, J. B. Mackay and W. Vaughan Davies and the serving of refreshments at midnight was under the direction of Mrs. James Arthur.

NEW MOUNTED POLICE  
HEAD FOR YUKON WAS  
HERE ON WAY NORTH

Inspector T. M. Shoebottom from Vancouver, who is to take charge of the Yukon division of the Royal Canadian Mounted Police in place of Superintendent Fred Allard who is transferred to Winnipeg, passed through the city on board the Princess Alice bound for Skagway whence he will proceed to Whitehorse and down the Yukon River to Dawson on the last steamer of the season. He was accompanied by Mrs. Shoebottom and son. Superintendent Allard is expected to come south on the return trip of the Princess Alice next Wednesday.

Harry Ward, charged with parking his car on Fifth Avenue near the I.O.O.F. Hall, Wednesday evening, appeared in city police court before Magistrate McClymont this morning, the charge being dismissed with a warning.

SAUNDERS SENT  
UP FOR TRIAL

Erstwhile Promoter of Pulp Mill  
Committed on Charges of  
Cashing Worthless Checks

On three counts of obtaining money under false pretences, Harry Saunders, erstwhile Ecstall River pulp mill promoter, was committed for trial by Stipendiary Magistrate H. F. McLeod in provincial police court yesterday afternoon. Saunders is alleged to have issued worthless checks, drawn on the Royal Bank of Canada, to J. E. Cote, workman at Brown's mill, for \$50.10 and \$230.60 and to Mrs. M. A. Dupuis of Haysport for \$150.25.

Witnesses at the preliminary trial were J. E. Cote, Mrs. Dupuis and Trevor J. Williams, the last mentioned being teller in the local branch of the Royal Bank.

## Man in the Moon

BULGARIA made it hot  
For poor Cheko Slovakia  
And then the slav hissed back  
"Get out or else I'll whack ye."

IF you have kleptomania you had better take something for it.

THE way for Ketchikan to clean up the city is to just clean it up instead of having the Grand Jury talk about doing it.

THE other day I met a queer fish and it was not in the biological station either. It was a man who admitted that he snored. There's only one rarer creature in the world and that is a woman who admits snoring.

THEY have a nice playful way of entertaining disagreeable generals in Mexico. They take them into the market place and placard them, first taking the precaution of perforating their bodies with bullets.

CHICKENS always come home to roost but sometimes the rooster is crowing before they arrive.

WHAT I can't quite understand is how some people will go ahead and buy a house and they don't even have a car or a motorboat to their name. This world is certainly queer and old-fashioned.

WHEN the long distance telephone gets through to Mexico City, as we are assured it soon will, we can just call up President Calles and ask if there are any more generals executed this morning.

Ten Years Ago  
in Prince Rupert

George Bard and A. W. Edge have tendered to the city council for the painting of the garbage scow.

Dr. N. M. McNeill is advised in a letter from Lieut. Col. J. W. Warden, officer commanding the 102nd North B.C. Regiment, that two machine guns will be presented to the city of Prince Rupert by the regiment.

The wedding will take place tonight in the Central Hotel, Rev. Dr. H. R. Grant officiating, of Miss Ada Dawson of Manchester, England, and Henry Evans, pioneer and prosperous farmer of the Bulkley Valley.

## In The Letter Box

RE MOTOR PARKING BYLAW.

Editor, Daily News.

Once again has Sam Weller's famous witticism anent his definition of the law been proved true.

If the learned gentleman who was responsible for the drafting of the present by-law was in the habit of driving a car, he no doubt would immediately take steps to repeal the said by-law and draft a new one that would at least have a small modicum of horse sense, but then Mr. Weller referred to the asinine tribe, not the equine family, so it is hardly to be expected that car owners can look for any relief from the aforesaid learned gentleman. The situation at present prevents automobile owners from using their cars after sunset in any part of the residential district, as the existing by-law prevents cars being parked on sixteen foot roadways at night.

Every citizen of Prince Rupert is anxious to see our city develop into a metropolis but apparently the aforesaid

Changes its  
own Records

Plays twelve records without attention.—Runs itself for a whole hour. No operating effort on your part.—Just listen.

WHEN you turn on the current, the turntable starts to revolve; a mechanical "hand" takes the first record from the group of twelve and places it on the turntable; the tone-arm moves into position; the sound-box is lowered and the music begins. At the end of the selection, the mechanical "hand" removes the record from the turntable, slides it gently into a felt-lined concealed drawer, and "picks off" the next record from the magazine arm. These operations are repeated until the last record is played, then the mechanism stops automatically.

So magnificent an instrument demands an exterior of exceptional beauty. Victor craftsmen have designed a distinguished cabinet for the Automatic Orthophonic Victrola, in which every luxurious touch that ingenuity can devise has been incorporated. The price of the automatic instrument is \$775. Other models of the Orthophonic Victrola Instruments are obtainable at prices ranging from \$430. down to \$115.

Obtainable on convenient terms from "His Master's Voice" Dealers. Demonstrations now going on. If your dealer hasn't one he will order it for you.
