

Cross Section of a Firestone Tire "Built for Service"

Cross Section of an Ordinary Tire "Made to Sell"

Enjoy the Comfort, Safety and Economy of Gum-Dipped Tires

The sections of tires reproduced above are a part of the Firestone Dealer program. Study these two sections and you, too, will understand what Firestone means by tires built for service and tires made to sell.

The Firestone Gum-Dipped Balloon Tire with its scientifically designed tread permits free flexing, easier riding, extra comfort and safety, while the gum-dipping process gives it the wear-resisting properties that give thousands of extra miles.

The ordinary balloon tire with heavy flat tread design is obviously stiffer and rides harder. The excess rubber, placed for appearance at the edges of the tread, is not only wasted but produces hinging action causing ply separation and "shoulder breaks."

Your local Firestone Dealer will gladly explain the gum-dipping process and other advantages that only Firestone Gum-Dipped tires can give. See him today.

THE CHOCOLATES That Are Different

This has been so frequently said of NEILSON'S Chocolates that they have adopted it as a slogan. The centres are delicious and the chocolate coating is rich and velvety smooth.

They sell regularly at from 75c to $1.25 per lb., but in order to make them more widely known we are placing them on sale as a week-end special at

60c per lb.

Take a pound home with you.

Those Wretched Bilious Attacks

"Fruit-a-tives" Always Stops Them

MR. LEO. GODIN

"I was always bilious and never seemed to digest my food properly," writes Mr. Leo. Godin, 2371 Clark St., Montreal. "This kept me very weak. A friend, who had been completely relieved of these troubles by 'Fruit-a-tives', advised me to try this fruit medicine. I did so, and now I am so well that I want to congratulate 'Fruit-a-tives' on its unfailing effectiveness."

If you suffer with poor digestion, upset stomach, bilious attacks or chronic constipation, take Mr. Godin's advice and try "Fruit-a-tives". This natural remedy, made from intensified fruit juices combined with tonics, will surely correct these troubles and bring you back to health. Don't put it off—buy a box today, take the tablets regularly, and see how quickly you will improve. 25c and 50c—everywhere.

Scandinavian dance tonight in the Metropole Hall.

This afternoon's train, due from the East at 3:30, is reported to be on time.

Col. S. P. McMordie sailed this morning by the Cardena for Vancouver on a business trip.

Grocery shower at the Ridley Home, Wednesday, October 12, from 3 to 6. Tea will be served and inspection of Home invited.

At the instance of George Arnold the Board of Trade last night decided to empower the president to appoint a real estate committee.

Of the 41 passengers arriving from the south on the Princess Alice this morning, eight are making the round trip and eight disembarked here.

Hydrographic survey steamer Lillooet, which is engaged in survey work in neighboring waters, arrived in port this morning and is tied up at the ocean dock.

Relieving Chief Officer J. Muir who is ashore in Vancouver on account of his wife's illness, Chief Officer E. Shepherd from the Camosun came north on the Cardena this week.

A letter from the Canadian Chamber of Commerce was received by the Board of Trade at its meeting last night thanking the local people for the entertainment that had been provided for them while here.

O. Larsen, well known Juneau fisherman, arrived in the city from the East on yesterday afternoon's train, having come direct from Norway with his bride. They proceeded north on the Princess Alice this afternoon.

The fish packer Lincoln, Capt. Joe Desmulles and her part owner, J. W. Moorehouse, on board as engineer, arrived from Massett this morning. The vessel reports having had quite a dusting coming across Hecate Straits.

At the meeting of the Board of Trade last night a letter was read from the Kelona Board of Trade asking that the local board interest hotels and restaurants in featuring B.C. fruit. The letter was referred to a committee.

Joseph Sigmund, formerly of this city and now in business at Queen Charlotte City, is a visitor in the city. He arrived from the Islands by gasboat yesterday afternoon and will return there aboard the steamer Prince John at the first of the week.

Capt. Harry Ormiston of the lighthouse tender Newington sailed this morning on the Cardena for Victoria and will be away on a week's holiday while his ship is undergoing overhaul in the dry dock. Mrs. Ormiston and family are already in Victoria, having been there since June.

The question of reminding the railway company of the desirability of a change in schedule to allow steamer and train passengers more time in Prince Rupert, was left to the Navigation and Railways committee after a brief discussion by the Board of Trade at its monthly meeting last night.

At the meeting of the Board of Trade last night a report was received from Philip M. Ray, chairman of the Navigation Committee, reporting progress in regard to the effort being made to have Ripple Rock in Seymour Narrows removed. So far the committee has been engaged in collating information in regard to it and interesting other bodies in the idea.

CANNERY MANAGER IS WELL PLEASED SEASON'S FISHING

R. G. Johnstone, manager of Inverness and Klemtu canneries, is one district canneryman, at least, who is satisfied with the salmon pack of this season.

Mr. Johnstone, who will sail tomorrow night on the Prince Charles for Victoria on a brief business trip, stated this morning that Inverness cannery, which closed down yesterday, had put up a pack this season of slightly over 30,000 cases. Considering that this was an off-season, the comparison is favorable with the average pack of the plant which is 36,000 cases.

Mr. Johnstone is also very well satisfied with the pack recorded by the new Klemtu cannery which put up 8,400 cases with only seven seineboats in operation.

WEDDING AT OSLAND ON THIS AFTERNOON

Miss Margaret Moreshead to Become Bride of John Johnson at 4 O'clock Ceremony

An interesting wedding will take place this afternoonat Osland, Smith Island, when Miss Margaret Moreshead will be united in marriage to John Johnson, a well known member of the Icelandic colony there. A number of local people have gone out to attend the festivities following the nuptials.

TIME IS NOT RIPE FOR ESTABLISHING SMELTER

At the board of trade meeting last night George Woodland, chairman of the mining committee reported in regard to the prospect of establishing a customs smelter near Prince Rupert that it was doubtful if the time was ripe for an independent concern. He suggested rather that the better plan would be to interest one of the big operating companies in the location. Most of the producing mines were controlled by one of the big companies.

The report was filed for future reference.

H. W. Schofield, district passenger agent at Vancouver for the Canadian Pacific Railway, was a passenger on the Princess Alice this morning bound north. He is making the round trip to Skagway.

Adam Mackie, inspector of fisheries, returned to the city on the Princess Alice this morning from a trip to Vancouver. Mrs. Mackie, who went south with her husband, is visiting in Vancouver for a while longer.

NOW—

You Can Heat those "Hard to Heat" Rooms

MANY home owners blame their furnace for cold rooms. Yet most furnaces produce enough heat to keep the entire house warm. The difficulty is that sluggish heat lags in the pipes or follows the path of least resistance—up the chimney and out of doors.

Why not eliminate this waste by attaching a Miles Automatic Furnace Fan to your present furnace? On cold winter mornings you simply press a conveniently placed switch. In less than five minutes Miles Automatic Fan forces warm, healthful, circulating air into every corner of every room.

This greatest of all home heating inventions will give you quick and uniform distribution of heat—Four changes of air every hour in every room—From 60% to 100% more heat volume—Cool air through registers in summer, making your furnace a year-round servant.

Can be attached to any warm air furnace, old or new. Mail coupon for particulars.
