Salmon Fishing Season Closes - Bait Shortage Reported Imminent Here-Toodie Wins Big Shares for Crew

Salmon fishing in District No. 2, as far as nets are concerned, is now closed. Last night the curtain rang down, with the cessation of fishing on the Queen Charlotte Islands, two weeks later than on the mainland, on a season which cannot be described better than as a comparatively poor one. The last two weeks on the islands there was something of an improvement in the run of fall varieties but it . could produce no appreciable gain above the half way mark when compared with the 1926 season. Final official figures on the pack will, it is expected, be available in about two weeks' time. These

will show that, while the sockeye pack*was about average, with fall varieties in other parts of the coast. The old somewhat down, the big decrease was cry of "Get the fish at any cost" seems due almost entirely to the practically to have to a great extent passed in the complete failure of the pink run on serious realization of the fact that such which the big bulk of the pack for the methods as have previously prevailed district as a whole is usually made. The would very probably result in a perlast cannery to close on the mainland is manent depletion of the fisheries. Con-Captain's Cove, which has been putting ferences of operators and fishermen, such up fall varieties from the Islands recently and which will be closed up on Monday. Canneries on the Queen Char- are proof sufficient of the good faith lotte Islands are also closing up this week-end.

which to the most of the cannery operators, has been, undoubtedly, financially disastrous may yet, it is firmly believed, come lasting good to the salmon fisheries of the coast. Experiences tors and the fishermen themselves the would be facing disaster. necessity that new and more effective apparently exists in District No. 2 as
