GIRL MOTHER TAKEN IN POLICE CHARGE: DEAD INFANT FOUND

EDMONTON, Jan. 7.—Found in a rooming house near 104th Avenue and 95th Street, suffering intensely, a 21-year-old unmarried mother is being held at the hospital under police surveillance following the finding of the body of a newly born girl baby in a lane. The girl is believed to be the mother of the infant, but her condition is so critical that the police have been unable to obtain a statement from her, and the rooming house proprietors have been unable to give them any information.

Police believe the child died from exposure after being abandoned at birth, but a post-mortem will be held to discover the exact cause of death. The baby was abandoned near the spot where the mother was found in the rooming house.

"DRY" CITY'S NAME MEANS "GOOD WATER"

Something About City of Canberra, New Australian Capital
CANBERRA, Australia, Jan. 7.—Canberra, the District of Columbia of Australia, which is "dry," is pronounced by the natives as "canb-rah," and in the aboriginal language means "good water" of which there is an abundance in wells built before the coming of the white man.

Canberra, where parliament will soon be opened in its new home by the Duke of York, who left England yesterday, is known as the "bush" capital, because of its location, and Yarralumla House, an old fashioned "bush" homestead has been converted into the viceregal residence for the Duke and Duchess of York during their visit here.

Zam-Buk

SAVES DOCTORS' BILLS

ECZEMA ENDED
Madame A. Lariviere of Fall River, Mass., suffered with eczema for three years, and had treatment from several doctors, all of whom gave up the case. "Finally," she says, "I went to a specialist, which cost me another \$20, but I was no better. "A friend advised me to try Zam-Buk, which I did, and for which I have ever since been thankful. I very soon felt some relief, and perseverance with Zam-Buk completely rid me of the disease."

SEVERE CUT HEALED
Mr. C. Oakley of Sackatoon, who sustained a terrible cut on his leg, says: "Had I known of Zam-Buk when the accident occurred, I could have saved myself a \$40 doctor's bill! A doctor sewed up the cut and attended me for five weeks, but the wound did not heal, and he advised me to go into a hospital. "I objected, however, and used Zam-Buk instead, and in two weeks' time was back at work."

SAVED OPERATION
"Father developed a painful sore on his face," writes Miss N. Lewis of Silver Lake, Oregon. "Numerous remedies and treatment from several doctors failed to heal it, and the doctor advised an operation. Someone advised him to first try Zam-Buk. A few applications brought relief, and continued use of Zam-Buk entirely healed the sore, saving father from an operation."

Zam-Buk is best for eczema, ringworm, scald, the "Itch" boils, pimples, ulcers, abscesses, "head-ache" poisoning, piles, cuts, bruises, burns, frost-bites. All dealers 50c box.

Send this ad, name of paper and 1c. stamp (for return postage) to Zam-Buk Co., Toronto, for free trial box.

Health That Reduces Goitre

Goitre is a swelling of the thyroid gland. It is usually accompanied by stomach weakness. There are several varieties of goitre. The watery type is easily and quickly subdued, but the other varieties are more stubborn in yielding to chiropractic spinal adjustments.

HEALTH FOLLOWS
CHIROPRACTIC CORRECTS PRESSURE ON SPINAL NERVES IN DISEASES OF THE FOLLOWING ORGANS:
HEAD
EYES
EARS
NOSE
THROAT
ARMS
HEART
LUNGS
LIVER
STOMACH
PANCREAS
SPLEEN
KIDNEYS
BOWELS
APPENDIX
BLADDER
Spinal Column—LOWER LIMBS

The cause is removed by adjustments of spinal bones affecting the nerve impulses to the thyroid gland and the stomach. When such adjustments are followed through to the point where the spinal nerves are freed of the pressure caused by the disturbed alignment of the spinal joints, the normal flow of nerve impulses restores a normal condition.

HEALTHFUL AGAIN.
"For two years my wife had one of the worst kind of goitres. It affected her breathing, and made her nervous. She took adjustments for eleven months and now does all of her own work and feels good all the time." — A. L. Baker, Chiropractic Research Bureau, Statement No. 1260H.
