ALBERTA NOT SELLING ITS

OFFER FOR SYSTEM IN NEIGHBOR-ING PROVINCE CAME ON HEELS OF B.C. TELEPHONE SALE

EDMONTON, Jan. 7 .- The Provincial Government has definitely turned down an offer from large financial interests of the East to consider the sale of the Alberta telephone system, it was disclosed in a statement from Hon. V. W. Smith, minister of railways and tele-

Government officials declined to indicate from what source the proposals came, but it is thought in local political circles that the Bell Telephone Company was behind the offer recently made by one of the most prominent financial men in Canada.

The offer came close on the heels of an announcement from British Columbia that the B.C. Telephone Company had sold out to a big Eastern telephone organization, and it is stated that American capital is behind a gigantic scheme to secure control of a chain of telephone systems across Canada with the object of linking them up with their systems in the United States.

INTERNAL TRADE BOARD WANTED

MERCHANTS OF EVERY PROVINCE TO PETITION DOMINION GOV-ERNMENT WITH THIS END IN VIEW

OTTAWA, January 7 .- The Dominion Government is to be petitioned without delay, by a delegation representing the merchants of every province, to establish a board, or a committee, or a similar administrative body, to look after the internal business of Canada.

This action is the result of months of work on the part of the Retail Merchants' Association of Canada, and Moyse Lapcinte, secretary of the Montreal branch of that body, stated recently that the head office at Ottawa was co-operating with the provincial boards to bring this matter to a head, and also to prepare a brief to be presented to Government, outlining various demands which retail merchants throughout the Dominion wish presented to the Federal Legislative body.

With regard to the internal business Mr. Lapointe explained that there was little idea, even among business men. and less among legislators, of the tremendous volume of the internal commerce of the Dominion.

"Export and import trade totalled."

MAINTAINS SUPREMACY OVER PRINCE HENRY BY MEANS OF CHARLESTON

LONDON, Jan. 7 .- There is competi on in his own family for the dancing honors won by the Prince of Wales aboard the Berengaria en route to the United States, in London ballrooms and on the Riviera.

A London girl, socially prominent, has dancing partners from Iong Island, St Louis and the Riviera, she has danced with all the sons of King George, and while she ranks Princes Henry and George well up in the lists of titled English dancers, she says that the Prince of Wales maintains his supremacy by means of the Charleston.

Prince Henry is naturally graceful and goes through the steps in lively fashion. The Duke of York depends on his pretty duchess to put the enthusiasm into their numbers. And Prince George, while good enough on the dance floor, has been away in China too lor to keep up with the newest steps. HAS IMPROVED

The royal hair is much better able to uphold his reputation as a dancer, she believes, than he was on his visits to palatial Long Island estates, and perchaps a discreet night club or two in Manhattan.

Time was, this pretty dancing debutante admits, when there was more eagerness than elegance exhibited in the prince's dancing. His chance came with the Charleston and after picking it up himself he used the newly acquired confidence thus obtained to make himself proficient in the waltz and fox trot. Princess Mary is the only one of the royal children who admits strong dislike for dancing. She considers dancing a social duty and does it well enough. but prefers her fireside and her two
