LADIES OF MOOSE PLAY BADMINTON IN THEIR CLUB ROOMS

Club Formed With Committee in Charge of Mrs. Jack Ratchford With Mrs. Skinner and Mrs. Strachan

A badminton club has formed under the auspices of the members of Moose Legion to use the Moose Hall during the times it is not occupied for other purposes. A committee composed of Mrs. Jack Ratchford, convenor, Mrs. R. B. Skinner and Mrs. Art Strachan have the matter in hand and play commenced last week. A few friends of the Moose are being admitted at higher fee than for members of the organization and the interest being taken seems to indicate that this will develop into one of the strongest clubs in town.

LOCAL NAVAL MEN TOOK SEA COURSE

Doings of Local Members of Naval Volunteer Reserve During Trip to Esquimalt

Lieut. R. P. Ponder, officer commanding the local detachment of the Royal Canadian Naval Volunteer Reserve, while in the south recently for training, spent eleven days at sea, covering some 400 or 500 miles, on H.M.C.S. destroyer Patriarch. Engineer Lieutenant R. C. Parsons and Stokers Jack McAuley and Dan McKenzie also spent the same period aboard the destroyer.

Six other ratings went aboard H.M.C.S. Armentier while the remaining eight from Prince Rupert took first year's training at R.C.N. barracks in Esquimalt.

LECTURE ON EYES TO BOY SCOUTS

On Friday evening last, instead of having all the usual meeting, the members of 3rd Rupert Troop Boy Scouts visited the store of A. E. Ireland, optician, 3rd Avenue, who gave the scouts a very interesting and helpful talk on the structure of the human eye, explaining the different parts and their uses by means of a chart, how the eye influences the brain. Also showing and explaining the uses of some of the different kinds of lenses used in making eye-glasses.

Does It Pay?

to wash at home

Many thousands of women are standing at the family washtubs every Monday morning under the impression that they are saving money by doing their own washing. In the course of their studies in household economy in an eastern university, four of the students decided to make a test of this for themselves.

They visited a home consisting of five persons, the parents and three small children, and actually did the weekly family wash, accomplishing the work complete in three hours, using a \$150 electric washing machine.

Being students of economic costs, they were careful to accumulate cost data and this is what the wash cost without any labor charge:

Deterioration of machine	50c
Electric current	10c
Water	05c
Fuel	15c
Soap (actual cost)	10c
Washing Powder	05c
Blueing	02c

97c

The same washing done at the laundry would cost \$1.00. Would you wash all day for three cents? The answer is obvious. Send it to the
