CANADIANS BEGINNING TO REALIZE BEAUTIES OF THEIR OWN COUN-TRY SAYS C.N.R. MAN

"Inquiries from prospective travellers are now very numerous and give indication of a heavy passenger traffic during the summer and autumn season," said T. E. P. Pringle, general agent, Canadian National Railways, who was here from Montreal yesterday directing an educational tour of ticket office representatives of the system.

"Canadians have been displaying greater interest in their own land," continued Mr. Pringle, "and many are realizing that there is a great deal to be seen in the Dominion, both east and west. Returning travellers have spread the tale of the wonders of the west and have recorded that there are conveniences of trains and hotels not to be surpassed anywhere on this continent. Such resorts as Minaki and Jasper Park now have established reputations. Jasper Park has made a particular appeal especially through persons of international fame who have visited this wonderful preserve and who have spread the story of its glories."

INCREASED TRAVEL

"As further indication of the growing passenger travel, I may point out that this season three new trains are being added to the Canadian National service, one to be known as "The Acadian" will operate between Halifax and Montreal to relieve the present service which must bear heavy demands from spring to autumn; one other, "The Confederato autumn; one other, "The Confederation," will operate to give a fast and improved service between the east and the Pacific Coast. The name is in honor of the Diamond Jubilee celebrasleepers used on this train will bear VISITOR GETS THRILL FROM SEE- CWFFPSTAKES A third new train is "The Maple Leaf" running from Toronto to Chicago, contreal to Toronto and presents a most convenient alternative for the business man from the east to the west through the Chicago gateway."

"It is the object of the passenger traffic organization to maintain men in every office throughout Canada, the United States and Europe, who will possess first hand knowledge of the Dominion and will be able to direct intending travellers by the most I pleasant and convenient route, and also offer information on any necessary subject." The following were members the party:-

ENTERTAINED HERE

The party was met at the train yesterday afternoon by a delegation from the Prince Rupert Board of Trade consisting of C. H. Orme, D. C. Paterson and A. Brooksbank, which took them in charge for a motor trip around the city, visiting points of interest such as the Cold Storage plant, dry dock and

elevator. The party proceeded to Vancouver on the steamer Prince Rupert last night, accompanied by R. F. McNaughton, district passenger agent, who had met it at Jasper Park.
