Neglected

NEGLECT. is doubtless the cause of most of the ills that afflict humanity. This is so self evident that it seems hardly necessary to tell you. If your eyes are giving trouble, have them attended to-and at once.

OF ALL absurdities in the kingdom of foolishness, surely the loss of eyesight through neglect is the most inexcusable.

DON'T lose health and efficiency through neglect. Come and see!

THE SALT LAKE BUDIE

Centre of Attraction to Many on These Warm Days

makes one wonder where the young folks are. There may be a baseball or football match and some will be found there. Perhaps many are playing tennis. The male sex is in the majority at these games. But there is one branch of athletic activity, and one of the healthiest where the girls more than hold their own. That is in swimming. It is well worth a trip to Salt Lakes, even if one did not get into the water, to see the crowd that enjoys this great! advantage. The warmth of the water, the conveniences, its safety, all combine to make the Salt Lakes an asset that any city would be glad to have. And the girls are as numerous as the
