another baby

THE joy of a new baby brings with it sober responsibilities, not the least of which will be for its maintenance and education.

A wonderfully convenient method of providing for the child's future is by means of a Confederation Life policy designed for the purpose. Then, if anything happens to you, the little one will not want, and its education will be provided for whether you live or die.

You will be interested in hearing about the Confederation Life plan for making provision for your children.

An interesting pamphlet, "No Matter What Happens," will be sent upon request.

Sanitation in The Laundry

Hygeia, March, 1927

A kitchen is properly a food shop and should be used for little else. It is distasteful to think of the possibilities attending laundry work in the kitchen in the winter when doors and windows are closed to keep out the cold and when steam from the boilers, and later from the drying clothes, mingles unchecked with the foods that are being prepared.
