BROUGHT UP IN COURSE OF LETTERS BETWEEN MINISTER OF LANDS AND VANCOUVER MAN

Prince Rupert water jower is brought nto play in a letter published in the Vancouver Province by C. M. Woodworth in reply to statements made by Hon. T. D. Pattullo, minister of lands. Mr. Woodworth's letter was as follows:

Through illness, I have not been able sooner to answer the attack of Hon. T. D. Pattullo made upon me in the Legislature while discussing the Valhalla cemetery. What has the staking of a water power at Prince Rupert in 1908 to do with the Valhalla_cemetery? I located and acquired the water power legally and was given no preferential treatment whatsoever. Hundreds of citizens at that time were doing the same thing. I spent about \$15,000, a large sum, in getting buyers and development plans. I was offered \$150,000 for my right, if the development plans were approved by the government. Then it was discovered that Prince Rupert wished the water for its civic supply. With the buyer here from Colorado Springs ready to conclude the deal, I was forced by the then government to sell out to Prince Rupert for \$15,000, and lost \$135,000 because Premier McBride was willing to strain his had to deal.
