PRESENTATION AND BANQUET

REV. G. G. AND MRS. HACKER RECEIPTS OF BEAUTIFUL SILVERWARE AND CUT GLASS

WERE GUESTS OF HONOR
 Mutual Expressions of Regret and Good Wishes Expressed at Gathering

A farewell banquet to Rev. G. G. Hacker and Mrs. Hacker was held in the United Church parlors Thursday night when no fewer than 120 persons sat down together and did honor to a splendid repast prepared by the ladies of the church. Members of the Tuxis and Canadian Girls in Training were also present and contributed to the purpose of the evening. Dr. W. T. Kergin presided.

The great event was the presentation to Mr. and Mrs. Hacker of a silver tea set and tray, silver casseroles and a cut glass vase. The presentation was made on behalf of the congregation by Mrs. W. T. Kergin, who spoke appreciatively of the work done by Mr. and Mrs. Hacker, especially among the young people.

Both responded, thanking the congregation for the beautiful gifts and speaking of the support they had received and the cordial relations that existed between them and the congregation.

gation. They urged loyalty to the church especially in the matter of attending its services.
 A number of others spoke, all expressing similar sentiments and regret at the departure of their pastor and his wife and wishing them the best of success and enjoyment in their new field.
 Mr. and Mrs. Hacker leave toward the end of next week for Vernon.

C.P.R. steamer Princess Beatrice, Capt. S. K. Gray, arrived in port at 7 o'clock this morning from the south and sailed at 11 on her return to Vancouver via waypoints. She is making her calls in the Skeena River this afternoon.

MAY BUILD SCHOONER

The Prince Rupert dry dock is figuring on a 95 foot Arctic schooner, to be used by the Royal Canadian Mounted Police at Herschel Island, for which the Dominion government is inviting tenders to close on June 30. Of extra heavy construction and with other features necessary for operation in the icy seas of the far north, the job is one of the best now available for ship-builders and, if it should be landed here, would be the biggest single building contract the local yard has had since it constructed the freighters for the Canadian Government Merchant Marine.

Twenty-three cases of sockeye salmon were canned last Tuesday, the first day of operation for the new cannery built during the winter at Kiemtu by R. G. Johnston and associates. The plant had a fairly satisfactory week's operations considering it was the opening of the season and it is hoped it will have a good pack this season. Mr. Johnston has this cannery under his direct supervision as well as that at Inverness of which he has been manager for many years.

The halibut boat Zeballos, Capt. Henry Jorgenson, left Tuesday for a ten day trip to the fishing grounds after which it will take up a packing charter for the Gosse Packing Co.

Tug Cape Scott arrived on Tuesday having in tow two scows of lumber and coal for Albert & McCaffery. The lumber was mainly large stuff which will be used by the Rupert-Vancouver Stevedoring Co. in connection with the reconstruction of the west end of the government wharf, on which a good start has now been made.

Power tug F. H. Phippen returned Thursday afternoon from Georgetown with a scow containing fish boxes for the local trade. On Friday the Wigwam took a scow of lumber from the Big Bay mill to North Pacific Cannery and on Monday another scowload will be delivered to Carlisle.

The local halibut boat D.S.T. Capt. Jimmy Parsons, is to enter on a packing charter for Lowe Inlet cannery on her return from a week's trip to the fishing grounds.

The halibut boat Eastern Point is at the McLean Ways for repairs following recent contact with a log when her stern was partly stove in.

HALIBUT HEAVY
 Halibut landings at Prince Rupert this past week have been heavier than for any week since the present season opened. From Saturday to Friday (inclusive) a total of 990,800 pounds was landed of which 620,000 pounds was from American bottoms and 270,800 from Canadian. The figures for the corresponding week last year were: total 679,000; American, 342,500; Canadian, 336,500.

Landings at the port for the season to date are now just a little more than 300,000 pounds less than at a similar date last year. Heavy gains the past few weeks have been steadily bringing the present season's total up until now, with two more weeks showing gains as the last two have done, the 1927 total will be in excess of that for 1926.

Total landings for this season to date are as follows: American, 8,270,600 pounds; Canadian, 3,392,500 pounds; total, 11,663,100 pounds. Last year's totals at a similar date were: American, 8,700,200 pounds; Canadian, 3,326,000 pounds; total, 12,026,200 pounds.
 Prices were fairly good at the first of the week but there has been considerable falling off toward the end, no doubt on account of the increased supply. The high bid for American fish was 15c and 8c which the Thor received on Tuesday for 3,000 pounds. The highest Canadian price was 13c and 7c paid Tramp and Fanny F. on Saturday for catches of 22,000 and 11,000 pounds respectively. The low for both American and Canadian fish was 11c and 6c on Friday.

RIDING IS LIKE FLYING

50 MILES AN HOUR—ALL DAY LONG.

The symbol of the fleet homing pigeon applies to the Essex Super-Six, not only in its ability to travel at high speed with economy of effort all day long, but in its smooth road skimming ease that is actually like flying.
 Increasing thousands of owners, and increasing thousands of miles are proving that these qualities which delight you on your first ride are just as lasting as they are brilliant.
 We say, again, that in every detail the Essex Super-Six is engineered to outstanding savings in fuel and oil, with freedom from early depreciation and lowest maintenance costs. It is commanding greater public attention than any Essex ever built because it far exceeds any previous achievement of our history.
