DOINGS OF DELEGATES

EDMONTON JOURNAL PUBLISHES PICTURE OF LOCAL MEN AND REPORT OF LUNCHEON

Besides publishing a picture of the delegates on its front page last Wednesday, the Edmonton Journal gave the following account of a Rotary Club luncheon at which the Prince Rupert men were guests.

With representatives of the government, the city and the board of trade joining in extending a welcome, members of the Prince Rupert delegation who are visiting Edmonton were guests at a complimentary luncheon in the Macdonald at 12.30 Wednesday. The spirit of inter-city and inter-provincial friendliness was particularly in evidence, and importance of a development of closer relations between Edmonton and Prince Rupert being emphasized.

Following a few words of welcome on behalf of the board of trade by President C. G. Robson, Alderman F. A. Keilor extended to the visitors a hearty civic welcome. He was followed by Hon. George Hoadley, who extended the welcome of the province.

SOUND ECONOMIC BASIS

The Alberta government is in entire sympathy with the object which prompts the visit of the Prince Rupert men Mr. Hoadley declared. Not only from a sentimental standpoint but on a sound economic gasis as well, is it in the interest of Alberta to co-operate with the neighboring province to the west.

Peace River can reach its full development only through a western outlet, and for this outlet Prince Rupert would appear to be the logical port, he added. The latter city had problems which touched very intimately on the welfare of this section of Alberta.

Friendly visits such as that of the Prince Rupert delegates to Edmonton—which visit was reciprocal of a similar trip made by Edmonton business men to the coast—served a useful purpose, W. O. Fulton, president of the Prince Rupert board of trade, pointed out. The interests of the two provinces were very similar, and the governments of Alberta and British Columbia would do well to co-operate to the greatest possible extent.

PEACE RIVER OUTLET

That the Peace River outlet was by no means a dead issue was another point made by Mr. Fulton, who emphasized the importance from an immigration standpoint of this district's development. Prince Rupert was 500 miles nearer the Orient than any other coast port on the North American continent, and therefore had especial claims on the traffic of the prairies.

A mission rather of goodwill than of anything else, was Alderman M. M. Stephens' description of the visit of himself and fellow citizens from Prince Rupert. Both Edmonton and the west coast city had many things to offer which the other needed, and an interchange of trade would be valuable.

NO DIVIDING LINES

Hon. R. G. Reid, who accompanied the Edmonton delegation to Prince Rupert, expressed himself as strongly impressed with the similarity in the aspirations and viewpoints of these two cities. At the two provinces got to know each other better, theoretical dividing lines would fast disappear.

Hon. Vernor W. Smith, a former Prince Rupert man, added a word of welcome to the visitors.

An interesting feature was the presentation of a huge bunch of bananas by way of "dessert," to W. O. Fulton, who is known as the "Banana King" of Prince Rupert.

The six Prince Rupert delegates were introduced, as were coal operators from different parts of the province, who are here to attend a conference of the Canadian coal publicity committee.

Always fresh!

The famous vacuum (air-tight) tin insures Big Ben being in the same perfect condition when you buy it as when the tobacco left the factory.

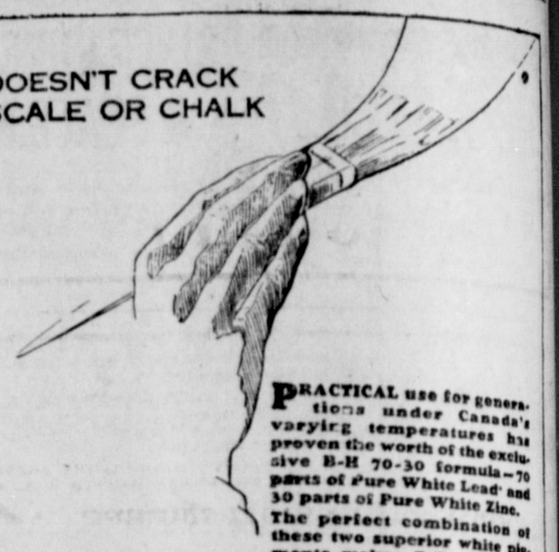
DOESN'T CRACK SCALE OR CHALK



PRACTICAL use for generations under Canada's varying temperatures has proven the worth of the exclusive B-H 70-30 formula—70 parts of Pure White Lead and 30 parts of Pure White Zinc. The perfect combination of these two superior white pigments makes B-H "English" Paint elastic. It does not crack or scale. Based on the exact and unvarying proportions of 70-30, the paint film withstands the action of the elements. It does not chalk. It wears and wears and WEARS. B-H "English" Paint goes farther—its hiding power is greater. The minute particles of pure white lead differ in shape from those of pure white zinc. They dovetail exactly. Nothing gets through the paint film.

*Brandram's Genuine B.B. White Lead, —leader of the world for nearly 200 years.

B-H 'English' PAINT

Ask the B-H Dealer for this pure paint with the 70-30 guarantee. The low cost of painting with pure paint will amaze you.

BRANDRAM-HENDERSON
Makers of White Lead—Paints—Varnishes—Linseed

70% 30% 100% Pure

THERE are two ingredients among the White Pigments—Brandram's Genuine B.B. White Lead and French Process Pure Oxide of White Zinc. Combined in the ideal proportion of 70 to 30 a film of great strength is formed, producing a Paint Film of the same hiding capacity and resistance to weather and wear.
