## Free Laundry Service

Our advertisement quoting costs of doing laundry at home has brought out many interesting comments. As the figures quoted were compiled in the east, we wish to determine just how they compare with local costs.

Accordingly, we are offering to do, without charge, one wet wash to each of the first fifty persons now doing their own washing at home, who will give us on a form provided, an accurate estimate of the costs involved.

Phone No. 8 and our representative will call for your bundle.

7 HEN you turn on the current, the A turntable starts to revolve; a mechanical "hand" takes the first record from the group of twelve and places it on the turntable; the tone-arm moves into position; the sound-box is lowered and the music begins. At the end of the selection, the mechanical "hand" removes the record from the turntable, slides it gently into a felt-lined concealed drawer, and "picks off" the next record from the magazine arm. These operations are repeated until the last record is played, then the mechanism stops automatically.
