Zam-Buk

ITS ROMANTIC STORY

A World Search for Rare Medicinal Herbs.

It is not commonly known that countries so far apart as China and Spain, Japan and England, and Tasmania and France have to be searched for the species of herbs used in the manufacture of that world-famed healing balm ZAM-BUK. These herbs are many of them, rare and costly. They need to be gathered just at the right season when their juices and medicinal contents are at their very best.

Gathering medicinal herbs in Tasmania

Zam-buk is the true successor of the herbal healing balms of Ancient Rome, with this important advantage—Zam-buk, in addition to its rare herbal composition, has twentieth century medical knowledge and manufacturing skill, to bring it to a pitch of perfection, probably never equalled in the annals of healing.
The different medicinal qualities in Zam-buk are beautifully balanced. The healing side with the antiseptic, the soothing with the germicidal; it is penetrative yet not too stimulating, and has just the right lubricity for removing superficial swellings, sprains and pains.
Thus Zam-buk is a useful, reliable, and highly-concentrated, medicinal dressing always ready to instantly soothe pain, swiftly allay swelling and inflammation, expel deep seated disease, and grow new healthy skin. Moreover, users of Zam-buk have perfect confidence, which alone comes from the knowledge that it is a refined herbal preparation and not an artificial ointment composed of pore-clogging fats and crude drugs.
Zam-buk is invaluable in all itching, inflamed, and diseased conditions of the skin, whilst its swift antiseptic healing makes it the ideal first-aid dressing for burns, scalds, cuts, etc. It is also the soothing remedy for piles. Of dealers everywhere 50c the box; 3 for \$1.25, or Zam-buk Co., Dupont St., Toronto.
