MANY CHILDREN LEPER PARENTS

KALAUPAPA, Island of Molokai, Hawaii, June 1.—The children of leper parents here in the Hawaiian leper colony are fairly sure they will never have the dread disease, and almost equally sure they will never know their parents.

About a dozen children are born here each year. Inmates of this settlement on Kalawao peninsula—a natural prison hemmed in by the sea and precipice—live much as their kindred of the outside world. They have their own government and churches; they marry and bring children into the world. But the children are taken from them at the moment of birth.

The new-born infants are placed in the hands of non-leper attendants who take them to the special nursery in the colony's hospital compound. There they live the first year of life under the close observation of the doctor who guards the health of the settlement's 523 patients.

Each Sunday mothers are permitted to see their children—to see them only. A thick pane of glass separates them from the cribs. The mothers may watch one hour—or more. Then they leave to be replaced by other mothers, who watch for another brief period.

When babies are able to walk they

INDIGESTION
Gas on Stomach
Caused Severe Pains

Mrs. C. F. Wheeler, R.R. No. 1, Glen Ewen, Sask., writes:—"For years my eldest son suffered from severe pains and agony from imperfect digestion. He dieted and used artificial digestants, but all to no avail. At last I got him a bottle of

BURDOCK BLOOD BITTERS

and he had not taken the whole bottle before he was greatly relieved. The severe stomach attacks ceased, there was no more gas on the stomach, and he could eat anything he wished."

MANLESS TRACTOR IS LATEST INVENTION FOR PRAIRIE FARMER

LINCOLN, Neb., June 1.—A "manless" tractor, controlled by an electric device, plowed a field successfully recently before a crowd of farmers, professors of agriculture and businessmen.

Unaided by human hand, except when the first furrow was plowed to make a guide row, the machine, equipped with an automatic guide invented by F. L. Zibach, of Grand Island, Neb., plowed a 20-acre field.

The tractor runs in an irregular circle, rounding the corners. Except for replenishing the gasoline and oil, it needs no attention. The electric control stops the machine should it leave the furrow, and when the work is completed.

The invention was first tried in 1921, Zibach said. Tiring of riding a plow, he attached his device to his tractor filled the machine with gasoline and turned it loose.

PARSON WRITES PSALM DEPLORING TROUBLES

Humorously Sets Forth Difficulty of Trying to Please His People

LONDON, June 2.—The Reverend Basil W. B. Matthews, vicar of Holy Trinity Church, has experienced so many problems of ministerial department in his parish that he has written the following psalm about them:

Be he grave or serious in his demeanour; seeking to uphold the dignity of his cloth.

He is said to be standoffish. "pi and uppish; yes, the ungodly call him "Holy Joe."

So then he trieth to be gay, greeting all and sundry with a merry jest; but this, too, displeaseth some.

With young men and maidens, too, the parson hath his problems; for if from them he hold aloof, they dislike him much.

So that when to him they should turn as to a friend in need, with them he cutteth no ice.

Again, if beholding overmuch intemperance in his flock; he exhorteth all men to abstain from strong drink.

He is said to be a killjoy, and inhuman; a very Stiggins whose mind is straitened.

But if he entereth a tavern, and putteth his foot upon the rail of brass; there be those who say, "Behold a winebibber."

So when he bloweth froth he comitteth iniquity; and when he bloweth it not he is likewise a sinner.

Let the servant therefore walk in the steps of his Master; and care nought for the opinion of man.

PLAYERS CLUB WILL REPEAT THEIR PLAY

The Players Club will repeat the play, "Nothing But the Truth" at the Westholme Theatre tonight with the same cast as for the last performance except that the bishop is Sid Reith in place of Arthur Sharpe, who is out of town.

The proceeds of the play, after paying expenses, goes to the fund for improving the athletic grounds.

Those who were present at the first performance are all loud in praise of the splendid show given and tonight it may be expected to be just as good.

DAMAGES RESULT OF ASSAULT BY POLICE

Claim Made by James Petrie Against City of Fort William Amounting to \$7,000

FORT WILLIAM, June 1.—Seven thousand dollars is demanded by Jas. Petrie, well-known Fort William citizen and manager for a correspondence school here, from the city as damages for an assault he alleges he received at the hands of a Fort William constable in June, 1925.

The demand was set forth in a letter from Petrie read at the city council meeting. He is asking the city to make up three years' salary and payment of hospital and doctor bills. He names two local business men as witnesses of the attack. He declares he was calmly going about his own affairs when the constable suddenly assaulted him and gave him such a severe beating up that he was unconscious for three days, is even now in "braces and corsets," and since the incident has spent most of his time in bed.

BISHOP BUNOZ GOING ON LONG TRIP INTO REMOTE NORTH POINTS

After a visit to Prince George district next week, Bishop E. M. Bunoz, O.M.I., will embark on an arduous journey, which he expects will take him all summer, to the most northerly and inaccessible precincts of the large Northern British Columbia and Yukon diocese over which he has charge. First he will journey in from Wrangell up the Stikine River to Telegraph Creek and beyond Dease Lake and Dease River to the remote regions of the Liard River. Coming out from this trip, on which he will be accompanied by Father Allard, he will then proceed north to the Yukon Territory to visit the various Catholic Church charges in that country. It may be early fall before he returns from a journey that will possibly contain some difficulties and hardships.
