Don't Neglect Deafness or Catarrh!

Catarrhal Deafness, Head Noises, and Nasal Catarrh generally grow worse when neglected. Authorities claim that ninety per cent of all deafness is primarily caused by catarrh of the head and air passages. Others state that nasal catarrh often causes indigestion, rheumatism, catarrh of the stomach, and many other diseased conditions. If you suffer from partial deafness or nasal catarrh, do not neglect this condition.

There are thousands, who are now practically stone deaf, whose hearing could no doubt have been saved had the right measures been taken in time. I have personally restored hearing in hundreds of cases, where the patients were so deaf they could hear nothing. I want to prove the value of my treatment to you entirely at my own risk and expense. I will gladly send it without cost. Just fill out and mail the coupon.
