NEGLECT is doubtless the cause of most of the ills that afflict humanity. This is so self evident that it seems hardly necessary to tell you. If your eyes are giving trouble, have them attended to-and at once.

OF ALL absurdities in the kingdom of foolishness, surely the loss of eyesight through neglect is the most inexcusable.

DON'T lose health and efficiency through neglect. Come and see!

Fortunes Being Made on Results of Speed of Dogs in England

WEMBLEY STADIUM SOLD

LONDON, July 13.-Greyhound racing has taken England by storm this summer and is the popular sport of the metropolitan masses. Races are run at special tracks in the evenings. when the crowd is drawn; and at the "White City," which is London's track. 20,000 or more thrilled spectators watch the dogs speeding after the mechanical hare. Throughout the country the adherents of the new sport must amount to hundreds of thousands, for there is a great vogue in such centres as Man chester, Liverpool and Birmingham. BETTING ON ODDS

As the crowds gather at the White City, which might be taken as a typical track, in the evening, there is great resemblance to a racecourse-un- A good sport will take the decision and til the dogs appear. # SPORT CHAT

It is often said that talk is cheap, but the player who talks at the wrong time is likely to find that his talk will be an expensive item. In one of the recent football games played in Prince Rupert one of the players persisted in finding fault with the referee's decisions. Finally the referee sent the offender to the pavilion and his team was left shorthanded as a result. Not only was the player penalized but his team lost the match and the absence of one man doubtless made a big difference. The player has since been suspended for two weeks.

A referee's duties at the best are onerous and difficult. Good referees are not found every day and few people so ready to criticise would be ready to try their hand at the job. It is up to the players to realize that referee only there to help the game along and give decisions as he sees fit. He is

To Relieve Eczema Lady had face disfigured with Eczema. Skin now clear.

Nurse Tells How

Mrs. Wm. Campbell, a graduate nurse of Morden, Man., reports a very interesting experience she had recently with a distressing case of eczema. The patient was a lady who had suffered keenly both mentally and physically because of the way her face was disfigured and by the itching, burning sensations of the skin. She had become discouraged because doctors considered

Mrs. 2 Campbell writes:-"A patient under my care was so severethat the doctors considered it incurable and could do nothing for it. decided to try Dr. Chase's Ointment and never found anything like it for the first application stopped the itching. By continuing the use of the Ointment, the eczema was entirely removed and the complexion greatly improved. No one would ever know that my patient had previously been so disfigured by this annoying and torturing ailment.

.elves?" After outlining that the English union was disappointed that the other unions did not agree with it with regard to the Dominions and the formation of the imperial Advisory Board, Mr. Baxter said the union would still endeavor, though by peaceful persuasion, to get its policy through. Whatever had been in the past, the Rugby Unions "are not going to quarrel with their brothers at home for the sake of their cousins abroad, ne said. .

"Fratricide is not part of our policy," Mr. Baxter went on. "The four Home Unions are now cemented together and in that cementing there is greater strength for the game, not only here out over the seas."

It was stated that Scotland and Ireand, though still keenly opposed to hanges in the rules, had sacrificed their clews for the sake of furthering the aim of one universal code.
