BRINGING UP FATHER

By George McManus

Thankful for the bird, of course! But more thankful for the fire to cook it and the heat to warm us up. You'll have a Happy Christmas if you use our coal. It gives the finishing touch to the day.

INDIGESTION IS A CRIME

So Says Professor of the University of London and Hard Labor is Cure

LONDON, Dec. 29.—Fat men should be sentenced to hard labor, for indigestion is a crime, Professor B. Collingwood of the University of London told the People's League of Health.

"There is no excuse for indigestion," he said. "Indigestion is simply caused through lack of knowledge—knowledge of what to eat and how to eat it.

"Cooking food attractively is a most important point. The belief that you are going to enjoy your meal is half the battle.

"Then you must eat it properly. Don't swallow too quickly. After a meal it is wise to sit and rest for half an hour at least."

The physiologist charged over-eating with indigestion in many cases. Heavyweights should be placed in the dock, he repeated, as the first step on the way to the workhouse.

HINT FOR BIG BILL THOMPSON REGARD TO BRITISH PROPAGANDA

(Juneau Empire)

When, and if, Mayor "Big Bill" Thompson gets rid of the "British propaganda" books in the books of the Chicago Library, gets written a history in which there is no pro-English text, there still remains a big task ahead of him. And undoubtedly he is the man for the undertaking in which, if successful, the least reward entailed should be his elevation to the presidency of the United States.

The English influence on the geography of the United States is large. The map of the country shows how its pernicious activity has spotted up the country with names of English places to the disadvantage of the real America. For instance, up in the northeastern part of the country there is a group of commonwealths known as the New England States. Think of it! Then the individual commonwealths — New York State, New Hompshire, New Jersey, named after English cities, shires and islands, not to mention Maryland, Virginia, the Carolinas and Georgia, named for English kings and queens. Then look at some of the American cities! Consider how the perfidious English changed Nieuw Amsterdam to New York. There is Albany, lots of them, Rochester, Chester, Kingston, Lancaster, Northcumberland, Reading, Wilkes-Barre, Charleston, Norfolk, and hundreds of other American towns and cities which perpetuate things English in their very names.

Oh, the degradation of it! For these many years it has continued, but the end is in sight. Soon Mayor Thompson, having purified the schools and libraries of Chicago, can turn his attention to the real problem and with the aid of tame lion hunters rescue the country from the grip of this insidious British propaganda.

MARRIAGE CANCELS THE WOMAN'S NATIONALITY

British Women Married to Americans Are Without a Country for Some Years

LONDON, Dec. 29. — "British women married to Americans who have to live over here for long periods are in a legal position which leaves them without a nationality," the Daily News says. Under British law the wife loses her nationality and she cannot become an American citizen until she has had a year's continuous residence in the States. Not only has she to register at Bow Street as the American she is not, but to report periodically to the police. She has no legal rights. It is a question as to what would happen if her husband died or deserted her. There has been no test case on the point.

"When it comes to travelling on the Continent, all she can get are identification papers from the American Consulate or the British Home Office affording her protection as the shadow of an American or the ghost of a British subject.

"A woman who has had to endure this position for two and one half years is Mrs. Morley, wife of F. V. Morley, the American writer and publisher.

"Failing the modification of the American Law,' she 'told the Daily News, 'what is required is the alteration of the British Aliens Act of 1914 ensuring that a British subject marrying an alien shall retain her British nationality unless or until she can join her husband."

NIGHT SITTINGS OF JUVENILE COURT AT MONTREAL PLANNED

MONTREAL, Dec. 29.—Two night sessions per week of the Juvenile Court may be held when the new court building of St. Joseph Boulevard is completed. This innovation is proposed with a view to obtaining the evidence of fathers of boys charged with delinquency—in 70 per cent of the cases it being necessary that the fathers should testify—without sumbitting the fathers to loss of time from their work and consequent loss of pay.

Judge J. O. Lacroix, who presides over the Juvenile Court here, says that while he has not enforced the presence of fathers at court hearings because he thinks this would be too drastic, a great deal of trouble and inconvenience has been occasioned by their not being present. The heads of families, he says, most of whom earn small wages, have repeatedly asked for night sessions. He is in favor of the proposal.

The question of night sittings of the Juvenile Court is one for the city council to decide. The matter may come before that body shortly.

PAID-UP PARTY IS LATEST SOCIAL EVENT

LONDON, Dec. 29.—"Paid-up" parties are the latest fads amongst Londoners. It isn't everybody who knows what a "paid-up party" is, and at least one person was astounded to receive the following invitation—"Please come to a 'Paid-with-thanks' party at ..... on Saturday. Music and dancing.

Ringing up the host to inquire just what it meant the following explanation was given:

"It's just a little friendly gathering to celebrate the fact that all the instalments have been paid on the furniture and piano. I'm having another on next January to rejoice over the last payment on the motorcar."

In view of the growing popularity of buying furniture and motor cars on the instalment plan, there will probably be a large increase in paid-with-thanks parties this season.

B.C. ELECTRIC AND THE P.G.E.

Suggestion That Big Company Should Take Over Road and Operate it

We congratulate Hon. J. D. MacLean, premier of British Columbia on his pronouncement of government policy regarding the P.G.E. Railway, says the Mining and Industrial Record. The province has the railway. It cannot scrap it. It must either go ahead and make it a successful asset, or let it drift into chaos. We have always contended that without a terminal either at Vancouver or Fort George nothing can be made of the road. If the government plans to sell it are realized well and good. If not the premier is right in his determination to do something definite with it. It is stated the earnings of the road show material improvement. So they should, with the activities of the B.C. Electric Railway Co. in its great power enterprise on Bridge River. In fact that company's interests in the country traversed by the railway promise to become so important, it appears to us the ultimate destinstion of the road may be its acquisition by that company, which could electrify it and operate it so much more economically and efficiently than anybody else.

SKUNKS ARE TAMED

Walk Around House and Behave Well on Manitoba Farm

OTTAWA, Dec. 29.—The fact that skunks can be tamed to walk around the house without doing damage to person or property was illustrated here recently when Norman Criddle of the Entomological Division of the Department of Agriculture, Manitoba, delivered an address before the annual meeting of the Ottawa Field Naturalists' Club at the lecture hall of the National Museum.

Mr. Critdle, who in the winter here writes his reports on the grasshopper situation of Manitoba, spoke on wild life in Manitoba with especial reference to birds and mammals. He told of his success in taming quite a variety of animals which he kept around the house, even including young coyotes in his list.

The lecture, which was illustrated by lantern slides, proved quite a revelation to a number of people in the audience.

SPORT CHAT

Local basketball fans are looking forward with keen interest to the Inter-High School series which will be held on Friday and Saturday nights of this week. Apparently in fine fettle, the boys from the paper town are already here. It is the first time that Ocean Falls has contributed to such a series and, on that account, they are doubly welcome. The boys themselves are on their toes and are very confident that they will be able to show the locals and the Anyoxites some of the fine points of the hoop game. The closeness of the two opening contests at Anyox on Monday and Wednesday nights speaks well for the fact that these teams are evenly enough matched and thus will be able to give the fans and their respective supporters some thrills for their money. If Ocean Falls measures up to the standard set in these opening games, a memorable series is in store. The Anyox and Prince Rupert teams will reach the city from the smelter town on tomorrow morning's steamer.

If the Canadian Hockey Association sees fit to sanction the proposed visit of the New Edinburghs of Ottawa to Berlin, Antwerp, Vienna, Paris, London and elsewhere this winter, Canada will be represented in Europe by two hockey teams that will do this country credit. University of Toronto Grads, Allan Cup holders, and world championship aspirants against the teams of eleven other nations, will also be abroad about the same time. It has been the custom for Olympic teams to play other games than those of the Olympic series, usually in Various European centres. Victories of Montreal had a most successful trip last winter, and Canadian teams are decidedly popular on the other side. The fact that two Canadian teams may tour Europe this season should not be an objection when the Canadian Association is considering New Edinburg's application for a sanction.

CHRISTMAS TREE FOR PRESBYTERIAN SUNDAY SCHOOL LAST EVENING

The annual Christmas Tree entertainment last night for children of First Presbyterian Church Sunday School was a great success, a record crowd of kiddies and parents being in attendance for the occasion. The event was in charge of John E. Davey, superintendent of the Sunday School, who presided, and the staff of teachers, J. W. McKinley giving Santa Claus, who presented books, gifts, candy, oranges, etc. to the children, the necessary assistance.

Prior to the arrival on the scene of Father Christmas, there was an attractive program which included a cornet solo by Billy Fuller, accompanied by Myrna Fuller; vocal solo, Joan Arthur; recitation, Dorothy Christie; piano solo, Beatrice Bernier; recitation, Marion Ryan; chourus by girls; recitation "Welcome to Santa Claus," Winnie Cameron; piano solo, Elsie Finley; recitation, Donald Eby, and violin solo by Wizner Bryant, accompanied by Jimmy Bryant.

MOHAWK GROUP NEAR HAZELTON IS BEING WORKED THIS WINTER

(Mining and Industrial Record)

The Mohawk Group, 5 miles from Hazelton, has been re-opened and is already sacking ore for shipment. This property, formerly known as the Erie, was worked 16 years ago. The vein has been traced for over one thousand feet on the surface and opened by tunnel and shaft. The ore was lost and work shut down. Last fall Duke Harris did some work and succeeded in picking up the pay ore within a few feet of the old workings. D. A. Harris is now in charge of the work, with a small crew, and steadily mining high grade ore for shipment. High silver values are encountered, the enrichment being grey copper. E. G. Brown, of Vancouver, is organizing a company to work the property, Duke Harris being associated with him in this work.
