STEWART AS THE TERMINUS

Sir Donald Mann Still Maintains Northern Route From Peace River Best

In the course of an interview recently given, Sir Donald Mann is reported to have said: "Before the Yellowhead line to Vancouver was completed I discovered that a railway run due East from Portland Canal through the Peace to the Saskatchewan River would far exceed the C.N.R. line in grades and curvature and in the actual costs of transportation."

The route to the Portland Canal at its apex is a thousand feet lower than the Yellowhead Pass and there are no deep rock canyons to be negotiated between the Saskatchewan and Portland Canal. "From Saskatchewan to Portland Canal stretches the most productive mineral and agricultural potential empire in North America."

"That Portland Canal line will tap bigger and vastly better agriculture, coal, metal, mineral and water power resources than the Maritimes, New England and New York possess. GREAT COAL FIELDS "Three hundred miles east of Portland Canal are immense deposits of the highest grade smokeless coal ever yet mined or discovered. It contains but two per cent ash, fifteen per cent moisture with seventy-six per cent carbon. It is better than the best Welsh smokeless coal and it is much better fuel than the best Pennsylvania anthracite."

"The Peace and Portland Canal Railway will tap these coal fields where are billions of tons above the railroad tracks. When a canal is built around the Grand Canyon of the Peace, a short canal at Vermillion and one at Fitzgerald, this coal can be taken in barges to the Arctic Ocean and west into the interior of British Columbia over the Peace, Finlay, Parsnip and Omineca Rivers."

"A dam built at the Grand Canyon of the Peace can develop 1,500,000 horsepower of hydro energy. When an outlet is provided at Portland Canal this smokeless coal of the Peace will have a monopoly of the coal markets of every

Man in the Moon

TIME flies no matter what the weather. JUDGING by the way some people talk you would imagine they still rode around with a horse and buggy. PROGRESS cannot stop for us. It keeps on just like fate. No matter if our minds hold back. Evolution cannot wait. IT'S a good thing for some people that there's a museum in the city else where could they be placed. I AM inclined to think we ought to stop all road building up in this country and remain safe. If we go on somebody is sure to be killed speeding on the new highway. TALKING about speed I want one of those machines that run along at about 281 miles an hour. OUT of the nine million people in this country it is estimated that eight million nine hundred thousand feel themselves a little above the average in ability, appearance, or culture, especially culture. If you haven't anything else you can still have culture. SQUEEZING makes a peach mushy but it makes a debtor mad. Ten Years Ago in Prince Rupert SEPTEMBER 27, 1917. Mrs. F. G. Dawson and Mrs. T. McClymont have captured many prizes in the flower and plant classes at the Prince Rupert Exhibition. News has been received of the knighting of Thomas Robinson of Grimsby, England, a director of the Canadian Fish & Cold Storage Co. and well known here. W. Reid of Prince Rupert is attending the convention of Railway Car Workers in Fort Worth, Texas. BARRACKS INSPECTION. The general was inspecting the barracks stables. "What do I see here?" he said, in tones of thunder, to a sergeant. "Cobwebs?" "Yes, sir," was the respectful reply. "We keep them there to catch the flies and prevent their teasing the horses." -Melbourne Age.

LAND ACT

UNITED CHURCH WILL PLAY BADMINTON IN HALL DURING WINTER

Preliminary Meeting Last Night to Plan for Activities and Forming Young People's Society. A meeting was held last night at the United Church rooms for the purpose of taking preliminary steps toward the organization of a young people's society. The whole question was discussed and before adjourning a committee was appointed to make definite recommendations to a meeting to be held at the same place on Monday, October 10. This committee consists of G. W. Vanderwater, Miss Haddock, Rev. A. Wilson, Jack Halroyd, Earl Barrie and a temporary secretary, Miss Olga Kolleroff. At the organization meeting, officers will be elected and a program of winter activities adopted. It was the consensus of opinion at the meeting last night that badminton would be played this winter in the gymnasium, it being pointed out that the hall is very suitable for the game and it is expected a strong club will be formed. ETIQUETTE OF TENNIS WAS WHOLLY FORGOTTEN (Edmonton Journal) The capture of the Davis Cup by France has been followed by the winning of the American championship for the second time by Lacoste. Supremacy in the game as thus definitely passed from the United States for the time being. While generous tributes have been paid by the newspapers across the border to the French invaders, the latter have reason to complain of the spirit displayed by the crowds that witnessed the matches. Judging from the accounts in the New York newspapers, all the traditional etiquette of tennis was forgotten by the spectators. The appeals of the umpires for quiet while the ball was in play were quite in vain. There was as much cheering, we are told, when a French player lost a point as there was when an American won one. DRAW IS MADE FOR JUNIOR TENNIS TO COMMENCE SHORTLY The following draws have been made for the junior city tennis series for which cups are being put up by Douglas Frizzell: Boys Eddie Smith vs. Harold Macdonald. Joe Scott vs. Ernie Ratchford. Gordon Parkin vs. A. Scattobol. Doug. Stalker, bye. Girls Aleita McKinley vs. Rosemary Winslow. Margaret Gilchrist vs. Frances Tremayne. Dot Patmore vs. Maude Wyatt. Christian Nucich vs. May Ness. The tournament will start as soon as there is an improvement in weather conditions.

SPORT CHAT

The forthcoming junior tennis championship series will be something novel in Prince Rupert's athletic history and a fitting denouement to the step taken during the past summer when the Rotary Club put in the courts for children on the grounds at the corner of Sixth Avenue and McBride Street. Douglas Frizzell, the donor of three handsome cups for the winners in the series, is to be commended on the action he has taken. Any person who takes such steps as this to encourage junior sport, and Doug has always taken an active interest in such affairs, is doing a real service for the community. It would be unusual if the Pittsburg Pirates should now lose the National League pennant but such things have ere this, been known to happen. Once again the Nationals have afforded the big thrill in Big League affairs and, from the looks of things, the very last game will have to be played before it is known which of the Pittsburg Pirates, St. Louis Cardinals and New York Giants is to win the flag. Then there is still the possibility of two or even three of the teams being tied in the end. That would be something new in the realm of Big League baseball.
