Definite plan laid down for each country by ANGLICANS MEET conference at Geneva for guidance of Committee

GENEVA, June 21. - The executive committee of the three naval power conference decided to convoke a meeting of technical experts from Great Britain, United States and Japan. These experts will be instructed to reach an agreement in regard to the existing status of the three navies and begin their studies on the basis of yesterday's proposals.

The position of the Big Three is stated as follows:

Great Britain agrees to a further limitation of battleships and cruisers and the extension of the 5-5-3 ratio to ten thousand ton -cruisers but no mention is made of

BOWDOIN AGAIN TO VISIT NORTH

EQUIPMENT OF EXPLORER DONALD MACMILLAN

BOSTON, June 21 .- A snowmobile is part of the equipment which Donald B. MacMillan, Arctic explorer, will take with him on his famous schooner Bowdoin when he sails from Wiscasset, Me., on June 25, for a year of scientific American motorship freighter Chalstudy in Labrador. He told something lamba, which is on the rocks of White of his plans here recently to supervise Cliff Island down the coast from here the outfitting of the fishing schooner and which has been turned over to panion ship to the Bowdoin.
