

Haue III Dale of Watches

Styles and models of watches are changing all the time, just like autos. Many Prince Rupert people are carrying old style watches, because they have not been able to trade them in. Many of these old watches are not only unsightly but are costing money for repairs, besides not being as reliable as a modern watch.

TRADE IN YOUR OLD WATCH!

We have decided to make a liberal allowance for a short time on old watches as part payment on a new watch, so don't miss this chance.

All our watches are of well known makes and are sold at regular prices. SALE STARTS MONDAY, JUNE 20

DIRECTORS OF NEW COMPANY

FRED MATHERS AMONG THOSE WHO WILL CONTROL LOCAL CONCERN

The extensive line of British Columbia canneries built up and operated during the last few years by the Somerville Canning Company, Ltd., under the direction of Francis Millerd, was recently taken over by the Millerd Packing Company, Ltd., of which Mr. Millerd is managing director and J. H. Birks secretary-treasurer says the Pacifie Fisherman. The other directors are Fred Mathers, G. A. Birks, G. E. Crawford and D. M. Hossie. The pack will be handled by Birks-Crawford, Ltd., of Vancouver. The new organization is well financed, and is expected to place, the properties in a more advantageous position in various ways.

The group includes canneries in most of the more important districts of the province, which last year produced over 100,000 cases. The new company has also purchased the Prince Rupert cannery of the Canadian Fish & Cold Storage Company, which was leased for several seasons by the Somerville Com- offer. pany, and is shipping its outfit at Seal Cove near Prince Rupert to Barnard Cove, Princess Royal Island. A small dogfish reduction plant is being added to receive an offer. The matter was se to the cannery built last year at Soin- left. tula, Malcolm Island, largely as a means of livelihood for employees a seasons when the cannery is closed.

MR. BOWNESS AGAIN HEARD FROM BY CITY

Representative of Eastern Utilities Concern Asks if Anything is Doing Re Local Plant

The city council last night again heard from E. W. Bowness, representative of the International Utilities Co. of New York, who stated last fall that he came to his death at or about 10.15 on quest of J. P. Forde, district engineer over and operation of the municipal as a result of injuries sustained in works, to certify as to the condition of electric services. A letter from Mr. boarding the snagboat Bobolink in fall- the boat. Bowness to J. J. Little, superintendent ing therefrom to and hitting a certain of utilities, stated that he had been piling brace attached to the Prince Ru- John Duncan McTavish, who was emhis company had taken over a number uncertain," was the verdict of the jury, he had been around town with deceased of light and power plants, but he ex- consisting of John Bulger (foreman), during the day. Could Not Sleep Heart and Nerves Were So Bad

Mr. Geo. Meek, Windsor, Ont., writes:- 'I suffered with my heart and nerves and could not sleep at night for noises in my head. I managed to keep at my work somehow, until began to have dizzy spells which got so bad I could not go to my work. I was afraid to go out any place, for very often I would stagger on my feet, and everything in front of me would turn black and fade away. While I was home sick a friend told me to take
