NEW PREMIER IS IN CHARGE

A new Prime Minister is directing the affairs of the Governmen of British Columbia. Hon. J. D. MacLean now holds undisputed sway as the first citizen of the province and the responsible head the suggestion. It says: of the cabinet. He is undoubtedly an able man and we ask that he be given a fair trial. If he falls down on the job he must be replaced but if he is able to manage our affairs in such a manner as to deserve our praise he should be given that recognition. congratulate the people of B.C. on having so good a man to look after their business.

In view of Sir Henry Thornton's pledge of nearly two years ago and Hon. Dr. King's official report, the Federal Government cannot, in all good faith and common sense delay that announcement much longer.

Circulation of that announcement throughout United States, from the outside for its existence. Its coupled with extensive and intelligent advertising in America farm journals, will turn the eyes of hundreds of thousands of the best young American farmers in the direction of Canada.

It will pour into Western Canada, over a period of one or two years, more than a million new population.

Peace River is the greatest immigration magnet in the history

of any country.

Provide that district with a coast outlet, then tell these young Americans, crowded off their old homesteads, what it is, where it is and how to get there, and the immigration problem of the West will be solved.

Internationalization of Skagway and Strip of Land Along Canadian Front Discussed
