STEWART AFTER PEACE RAILWAY

HAS INVITED HYDER TO JOIN WITH IT IN FIGHT FOR RECOGNITION OF ROUTE

An invitation to the Hyder Chamber of Commerce and businessmen of Hyder for the purpose of discussing the subject of combining forces with a view to giving the greatest possible publicity to the Peace River-to-Stewart railway route, with a railhead at Hyder, was decided upon at the council meeting of the Board of Trade recently. The board was encouraged to proceed with an aggressive campaign as a result of the encouraging turn that the recent debate upon the subject of a Peace River outlet took on the floor of the House of Commons, and the investigations that are this year to be made.

The attitude of the Hon. Charles Stewart, minister of the Interior, in his pronounced advacacy of Stewart was discussed, and a wire of appreciation of his speech was forwarded.

H. W. M. Rolston was appointed as a delegate to the convention of Boards of Trade of Northern B.C., to be held at Smithers on May 9.

Mr. Stewart's remarks in part as follow:

"Let me say at once that I am extremely interested in an outlet to the coast from the Peace River country. On various occasions I have pressed this matter upon the attention of my colleagues, and I do not believe the Peace River country will ever come into its own until there is such an outlet. But the suggestion of building the outlet by Obed or a connection with the Grand Trunk Pacific railway east of the Rocky mountains is not the solution of the question. Anyone who knows the country will say so immediately. So what is the use of discussing a $13,000,000 project which gets us nowhere?

GREATLY IMPRESSED

"I have been greatly impressed by the reports of what may be accomplished by going ahead and opening up the coal mining area in the Portland Canal district and the mining territory between the head of the Parsnip river and the Portland Canal in a direct route from the coast to the Peace river country.

"No matter how much relief we are able to give the settlers in Peace River in the transportation of their grain by way of Edmonton they will always be under a handicap until an outlet is provided, for it is not possible to obviate that 400 miles of haulage, and the settlers will always suffer disabilities in that respect. I say, therefore, that if we are to undertake this project we should do so with out eyes open, fully realizing what it will cost. Even if it takes $40,000,000, the expenditure ultimately will be warranted."

REASON FOR HIGH PRICES

POWERFUL BUYING MOVEMENT IS LIKELY TO CONTINUE

NEW YORK, March 29. — Several favorable constructive factors have become decidedly evident on the New York Stock Exchange. The United States Treasury operations of Secretary Mellon brought widespread financial stimulus and gave a definite indication of a continuation of cheap call money. The ending of the period of hesitation has been brought about by the impressive evidence of a continuation of active and substantial consumption in steel, automobiles, copper, oil and other similar good and commodities.

These favorable developments have started a powerful buying movement in the market. There is no doubt but what there is a very large short interest in the market which may develop into buying power. There is every indication that sizable price advances will now continue to appear especially in coppers. Car loadings are running ahead of last year's records and the evidence of a continuation of a high rate of business activity in practically all branches throughout the country is naturally reflected in the demand for stocks, so that with a substantial short interest it is most consistent to look for very much higher prices.

LOVE LETTERS BEFORE COURT

AFFECTIONATE EPISTLES ENTER INTO $10,000 DAMAGE SUIT AT EDMONTON

VERY MUSHY

EDMONTON, March 29.—Love letters written from defendant to plaintiff's wife figured prominently in the action for $10,000 damages brought by W. J. Woodford against Nels Kvittem before Mr. Justice C. R. Mitchell in the district court here.

Woodford obtained a divorce from his wife last September and mentioned Kvittem, and has brought this action for the loss of the consortium of his wife.

"You make my pulse throb and my heart dance. I thank you outwardly, but bless you inwardly," was one passage read to the court.

Another letter scrawled by Kvittem in pencil read, "Beat upon me, little heart, beat upon mine. You are mine, my soul. All mine from your pretty blue eyes to your feet. My honey, I would like to close your pretty blue eyes with a kiss, my dear. This is home made love."

The case is continuing.

Gerald V. Pelton, K.C., is appearing for plaintiff and C. G. Carneille and D. W. Cobbledick for defendant.

STILL LIVES SIMPLE LIFE

INHERITANCE OF $2,500,000 MAKES LITTLE DIFFERENCE TO ONTARIO FARMER

PORT DOVER, Ont., March 29.—(Canadian Press).—The fact that he inherited an estate of $2,500,000 does not unduly concern William Henry Barrett, who still lives quietly on his farm near this town. His riches came recently from the Irish estate of Quinton Dick.

Hundreds of old volumes, piled in the farmhouse, are the only visible evidence of Mr. Barrett's wealth. These are from the Dick estate. In a branch bank here are more of Mr. Barrett's possessions, chests of antique silver worth probably $100,000. Beautiful pieces of old Sheffield plate, sterling silver plate and silver plate washed in gold are contained in the chests, which are of iron-bound wood.

Mr. Barrett went to England last September to claim the fortune, after a court had decided that he was not barred by the provision of Dick's will stipulating that the inheritor should adopt the surname of "Dick" within a specified time. The inheritor was ignorant of the will and therefore could not have complied, the judge pointed out.

GOVERNMENT CONTROL OF HEALTH IS COMING

Unmistakable Trend is in That Direction Says Edmonton Woman Magistrate

EDMONTON, March 28. — (Canadian Press).—That the unmistakable trend of all health organizations is toward government control, was the contention of Magistrate Emily Murphy in an address before the Alberta Division, Canadian Red Cross. Sickness is no longer a private concern, and although the Red Cross and other philanthropic organizations will always find a ready work in the health field, the government should be responsible for the activities being carried on in the right way. Fifty-four nations now favor government control in health, a thing hardly known less than a century ago. The speaker deplored the lack of nurses in mental hospitals citing the condition at Oliver hospital where 250 patients are cared for, without nurses.

POWER SUPPLY IS DISCUSSED

ALD. BROWN GIVES CITY COUNCIL INFORMATION AS TO OPERATION OF DRY DOCK PLANT

In reply to a question asked by Ald. Perry at a recent meeting of the city council, Ald. W. M. Brown last night dealt with the operation of the dry dock plant. He read from a prepared statement showing the amount of power used by the elevator at three different times during the day when it was supposed that the plant was not using any power because no grain was arriving from the east and no ships were in port loading. The report showed that it was necessary to operate the dry dock plant as the city load and the power required for the elevator was in excess of what the plant at Shawatlans could supply. The report also showed that the city had received considerable revenue from the dry dock plant for supplying live steam for heating purposes.

Mayor Newton stated that, at a meeting of the utilities committee, it had been shown that the elevator had carried on drying of grain when no grain was arriving at or leaving the plant. This accounted for the demand for power.

Ald. Perry asked if it was the intention to shut down the dry dock plant when the days became longer and there would not be the same demand for electricity in the city. To this question Ald. Brown replied that it would be difficult to say at the present time as the Cold Storage plant was expected to connect up with the city in the near future and it would depend upon what its requirements would be. The city always had to be ready to supply the needs of any of its customers.

STEWART

Word has been received here of the death in Royal Columbian Hospital, New Westminster, of John Barnes, well known resident of this district for some years, who became ill here about two months ago and left for the south. His death had been expected.

Adjutant Kerr, district secretary of the Salvation Army, is a visitor in Stewart.

The Stewart Assembly, Native Sons of Canada, has elected officers as follows: president, F. E. Gigot; first vice-president, J. O'Keefe; second vice-president, F. R. Jancowski; chaplain, M. Armour; secretary-treasurer, R. O. Birch; sergeant-at-arms, James Comer; inner guard, W. J. Jancowski; outer guard, John Ryan; historian, H. W. M. Rolston.

Archie Smith, son of A. Erskine "Coolgardie" Smith, has been visiting here from Anyox.

Two shifts are to be engaged in further development of the Woodbine group of claims. A 75 h.p. deisel engine will be installed and an assay office is to be built at the property.

HOTEL ARRIVALS.

Had Salt Rheum All Over Her Hands

Mrs. Herbert J. Mason, Grand Falls, N.B., writes:—"I had salt rheum all over my hands and especially between my fingers. It got so bad it was impossible for me to put them in water or do my housework. After trying many medicines and salves, that did me no good, I heard of

BURDOCK BLOOD BITTERS

being so wonderful, and after taking three bottles I am entirely relieved of my trouble. I am sure I can't recommend B.B.B. too highly to those who have salt rheum like I had."

B.B.B. is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

SPORT CHAT

Members of the Maple Leaf basketball team, who were treated so royally by the interior town during their stay there, would appreciate an opportunity of playing the Smithers team here in the exhibition building where there is more room for combination playing. They do not minimize the great struggle which they had to put up to come out ahead in both games but feel that they would be able to make a better showing in their own hall. If Anyox does not intimate that it is sending a team to compete for the Milbourne Cup, then it might be a good thing to try to arrange for the Smithers team to come down for a game. The contest would certainly draw a capacity house and would be a welcome diversion for both fans and team.

Young Liberal Canucks of Vancouver and Edmonton Commercial Grads will meet tonight in Edmonton in the first of a series of two games for the western Canada ladies' basketball title, the second game being scheduled for Thursday night. The Grits arrived in Edmonton yesterday and will go on the floor tonight after a two day rest. The Grads have been hard at work for some time in preparation for the big event. The Liberal Canucks and the Grads play much the same king of a game. Both teams specialize in the open style of play which is more spectacular than the close checking method. The Vancouver team is said to excel in its passing and floor work and its members are better than average shots.

The Grads are expected to be hard pressed tonight in the series with the Vancouver team. The advance sale of seats has been particularly heavy. The Grads, however, welcome the contest as they consider their coming series with the Cleveland team as the outstanding game of the season. If they are unable to stop the Vancouver team they consider they will have little chance of holding the world's championship from the American aggregation.

A great lover is one who can tell whether a girl is pensive or sleepy.
