DAILY EDITION Tuesday, April 3, 1928

BUILDING PERMITS INCREASE The building permits for the month of March show that there is confidence in rrince Rupert's future. We have already referred to the theatre, which promises to be an outstanding building. What is even more noteworthy is the number of little houses being built by residents to be used as homes for themselves.

If March is any criterion of what is to follow, then we are in also asked that, if possible, a separate for a good building year. The outlook is excellent and we should all take cheer from the figures just published.

### AMERICANS COMING

For a number of years Canadians have been leaving the country T. Kenney, J. K. Gordon and H. Halliand going to live in the States. Now we are to see a change and well was appointed to consider ways Americans have begun to invade Canada and Canadians to return.

Attempts have been made at various times to manufacture port at the next meeting when the espolitical capital over the exodus from this country. As a matter of timates will be dealt with. The feeling fact it was the fault of no party or group but simply one of those should be increased somewhat each year movements which follow periods of prosperity. The tide has set to- and that extra effort should be made to ward Canada just now and we must make the most of it while it is raise money to meet the new estimates. that way for after a period of years it will again turn. Owing to the immense development in progress in this country the change is not that J. B. Agar was willing to transfer likely to come for some time. This is to be Canada's century and his cup from the district exhibit secwe shall see a great growth here before long.

What we have to do is to try to keep Prince Rupert in line with development and to see that we share in the progress which is due in other parts of the country.

### RETIRING THE DEBT

When money is borrowed by the government it is expected that each year a sum of money be set aside for the retirement of her bonds. Last year it was possible to so wipe out a million dollars of handed by them at the time the cups the B.C. debt. That to some extent offsets some of the money being borrowed. It is good news that the sinking funds are intact and when the bonds fall due they can be taken up.

### RADIO BROADCASTING

Before very long it will be necessary for the governments of the United States and Canada to get together and control the radio broadcasting of this continent. At present it is more or less open to anyone. The result is that radio fans find frequent interruptions from different stations on the same wave or so close as to be difficult to tune out.

In cities it is found that some particular religious organizations | MEN are self made and it is said set up powerful stations, which during the hours when they are on some of the famous beauties are the the air makes it impossible to receive from any other stations.

Propaganda stations will eventually have to go and their place will be taken by educative and entertainment programs.

We do not propose to discuss the case of the organization recently banned by the government except to say that as long as religious or any other propaganda is to be allowed it would be a pity to allow one and bar another. At the same time propagandists who did not get a thrill out of a new should be compelled to keep within reasonable limits of decency and dress but it is believed to have been not attack their neighbors.

The whole radio business is new and will have to be developed in such a manner as to be of most benefit to the country as a whole. In Britain the state controls the broadcasting with excellent results, yet some there chafe at the restrictions which prevent private individuals broadcasting.

## REPAIRS TO READING ROOM ARE TO BE MADE

McRae Bros. Given Contract for Supply of Year's Literature at Ald. Dibb's Suggestion

DATE SET FOR SEPT. 6 AND 7 -- H. HALLIWELL TO BE SECRETARY

TERRACE, April 3 .- At the meeting 50 of the Terrace Fair Board held in the municipal hall on Thursday evening the excretary reported that the choice dates for the fair, September 6 and

of the prize-list were received. In most a corresponding increase in the estimates submitted for approval, the latter .25 totalling almost one hundred dollars .2 over previous years.

.15 A home cooking section for children was listed this year, at the suggestion of the Women's Institute committee as well as a number of additions in the children's sewing section. During the month arrangements have been got under way by the women's institute for the forming of a boy's and girls' club for the raising of pigs, chickens and garden produce and it was suggested that these be entered at the fair and a prize given.

Misses Easthope and Malott of the public school staff were present and uggested that an allotment be made for prize money for school work and would then be easier for the teachers to work out a list for this purpose. They com be arranged for the display of the school work. Other years it has been given a small space on the state and could not be displayed to advantage.

A finance committee composed of E and means of raising money and to re-The president, H. A. Swanson, reported tion to the dairy animal winning most points, to be won two years in succes-

sion or any three times. President Swain also reported that the cups which were won by this district for district exhibits in the past and which it had been suggested might be used again were the property of the Farmers' Institute, the exhibits having been were won. The matter will be taken up at the Farmers' Institute meeting. No applications having been received for the position of secretary of the board the acting secretary, Hy. Halliwell was appointed to the position.

# GIVEN DAY'S REST

nauguration of Eight-Hour Day, However, Would be Difficuit, Superintendent Informs Council

A letter was read at last night's counmeeting from Col. J. H. McMullin. uperintendent of provincial police, in ply to a recent petit. I from the city that members of the cit detachment of the provincial police be placed on the eight-hour day basis and that they be given a weekly day of rest. Col AcMullin stated that Inspector Spiller and been instructed to arrange that the eakly day off be provided. It would difficult, however, to inaugurate the ight-hour day on account of the peuliar nature of police work which often revented working hours being limited such a manner.

The city solicitor informed the counil that the weekly rest day had already been inaugurated. The communication was then filed without com-
