THE NEW CABINET

There were some surprises in the new Tolmie cabinet but on the whole it seems a satisfactory one. There are a lot of good men in it and it is a much larger cabinet than that of the Liberal cabinet which preceded it. The admission of R. W. Bruhn as president of the council does not seem to have been generally anticipated and W. Atkinson of Chilliwack as minister of agriculture was also rather a surprise.

The appointment of F. W. Burden of Prince George as minister dairy and culinary sections: of lands leaves that portfolio in the north and will be generally sat- The Quaker Oats Co., Saskatoon, offer isfactory. Mr. Burden should make a good minister. H. S. Lougheed, the new minister of public works, lived for some time in Prince Rupert when with a partner he held the lease of the Prince Rupert Flour contestants to purchase such from mill some time prior to its being burned down. At that time he showed himself to be a capable man.

The portfolios are well distributed and no section of the province can well complain from neglect in that respect.

The proposal has been made to send the hospital laundry work to testants to attach sales slip to their ensome other place. We are inclined to think this would be a mistake. try forms. It would be better to instal a hospital laundry than do that. It it is only for the purpose of compariing prices with those charged local- bold Flour, as a prize for the besly, it is all right to get prices but we hardly think the board would seriously consider sending thework to be done at Edmonton or Vancouver.

We know nothing of the rates by local laundries, whether they are too high or not, but we do know that supporters of the hospital would not like the idea of sending the work out of town if it is possible to have it done at anything like a reasonable rate here.

ROUND TABLE TALKS

There is nothing like a round table talk to enable people to discuss difficulties and try to eliminate them. In the matter of British immigration to this country, difficulties arose but when Lord Lovat Prize and 10 cans Milk for 3rd Prize went to Ottawa and talked the matter over with the authorities the Contestants to attach sales slip to exdifficulties were easily removed and it is announced that as a result there will be a steady flow of British immigrants to this country. " That is very satisfactory as indicating that the British Empire really means something.

tunity of the remaining periods, ends week from next Friday night. The real starting time of the big vote race is here. Results obtained between now and August 31, a week from next Friday night, will largely determine who th winners of the two big cars and the large cash prizes will be.

PRIZES WITHIN REACH Time is speeding. A week from Fridanight will be here almost before on knows it. With less than two weeks les in which to turn in subscriptions and secure the greatest number of votes for each, interest in the competition and enthusiasm in the progress of candldates is growing by leaps and bounds.

All "live" candidates in the race ra alize that the prizes are practically within their reach, to be claimed for their very own or forfeited to more aggressive opponents during the next few days, depending almost entirely upon their final supreme efforts put forth while the big votes are allowed.

If you slack now for a moment, if you let your enthusiasm wane, if you overlook one opportunity to better your chances to win, you are taking the desperate chance of losing the prize c' your choice.

By calling frequently at Campaiga headquarters and discussing your pro blems and plans with the Campaign Manager, you will gain information and assistance which should prove very valuable to you. Out-of-town candidates are urged to write the Campaign Manager for any assistance or information
