DAILY EDITION

SEE BOTH SIDES An effort is being made at this election to give both sides of | er. Phil Brunell and Sidney Godwin the political situation during the election campaign so that readers of Burns Lake assisted with the organof this paper will have an opportunity to judge for themselves which ization. party shall be sent back. While we think that the MacLean gov-

ernment should be returned to give the new premier an opportunity Mr. Laidlaw, one of Burns Lake's to make good, this being in the best interests of the province, we also realize that the opposition have an equal right to be heard and ently opened for business. state their case. We are glad to be able to give Dr. Tolmie's side, as we have done in the past, so far as our limited capacity allows. When any newspaper tries to hush things up or hide them by refusing publication, its side is in a bad way.

VISTORIA SITUATION

The situation in Victoria is not one to enthuse Conservatives construction from that point in the for when the party is divided victory is difficult. The Liberals of direction of Burns Lake will be pushed that city feel very confident of winning, but they also have little as rapidly as possible. Colleymount difficulties of their own and it is possible that their convention may road has received a good appropriation not be a complete love feast. There are four candidates in that city and will be continued farther west as and two or three in the suburbs and what happens there will have rapidly as possible. A further ima big effect on the general result throughout the province.

SYMPATHIZE WITH COLONEL

Prince Rupert people will be a unit in sympathizing with Lieut.-Col. and Mrs. Nicholls in the loss of their little daughter at Vancouver. On arrival there Col. Nicholls had to go to the hospital where he is now. This followed a hospital operation at Winnipeg on his way home with Mrs. Nicholls from Europe where he had been on a holiday. The final blow is a hard one.

P.G.E. RAILWAY

(Edmonton Bulletin) A general provincial election is being held in Brtitish Columbia. A prominent plank in the platform on which the MacLean gov- Albert Mayer. Mr. and Mrs. Younkin ernment is seeking re-election declares that negotiations are to be are taking up residence in Stewart. continued for the sale of the P.G.E. railway to the National Railways. The local assembly of the Nativa Hon. C. H. Dunning stated in Ottawa several days ago that negotia- Sons of Canada has passed a resolution tions to that end were proceeding satisfactorily.

It would seem altogether probable that the elector of British packers and prospectors under the bene-Columbia would approve this or any other-plan to dispose of the fits of the Workmen's Compensation P.G.E. provided terms can be secured which will not involve too heavy Act. The support of the Canadian a loss to them. The line has not paid the expenses of operation, nor Legion has also been given the resoluis there a prospect of it doing so. The capital cost was heavy and tion the carrying charges are correspondingly large. Nor has the railway resulted in any general development sufficient to offset the de-

The P.G.E. was projected from Vancouver to Prince George. In Stewart first coming north, proceeding point of fact it neither begins at the one place nor ends at the then to Anyox. Formerly Anyox was other. There is apparently little public desire to complete it as a the vessel's first call out of Prince Ruprovincial undertaking. A sale would seem to offer the only op- pert. portunity to bring the enterprise to completion, secure the advantages of the development it may facilitate, and free the tax-payers from heavy losses for an indefinite number of years.

Premier Brownlee apparently sees in these negotiations a pos- of \$16,000 worth of lots during the last sibility that either the National Railways or the two transcontinen- ninety days. tals will be in the market shortly to buy the E.D. & B.C. at a substantially better price than was offered a few weeks ago, and rejected. Speaking at Kitscoty the other day, he placed a price of nineteen million dollars on the E.D. & B.C. lines. The offer madeand refused-was approximately seventeen millions and a half.

The difference is not large, in terms of railway finance. Should the National acquire the P.G.E., it would be very much to the ad- Montreal group of claims on the east vantage of the system to control also the E.D. & B.C. Should the side of Bear River divide left last ween P.G.E. negotiations fail, control of the E.D. & B.C. would be scarcely for the property and will carry out sevless valuable to the National system, and at the rate at which traffic aral months development work. on the lines is growing a difference of a million and a half dollars in the purchase price should not block a sale.

TWENTY years' mining in British Columbia have yielded nearly 1 800-million dollars. The last ten years have increased production by 58.9 per cent.

The value of all Canada's production is \$25.70 per citizen, British Columbia's production today, if distributed, would mean \$111.96 per person annually! Our mined and treated tonnage of metalliferous ores reached a record of more than 5-million tons for 1927.

The value of the mining industry to the Province is in the distribution of money in wages, supplies, transportation services, etc. And in this respect, 1927 was a record year!

The 14,000 employees of the mining industry were paid wages totalling 23 million dollars . . . or nearly \$1,760 each . . . the highest average for any Canadian Province.

During the year, distribution of eight million dollars was made in dividends!

British Columbia mines approximately 40 million dollars worth of copper, zinc and lead, a year . . . more than the rest of Canada. In gold and silver, our production ranks second . . . in coal, third; our total annual mining production today being exceeded only by Ontario.

Sound legislation, good mining laws and low fees have encouraged this development and stimulated growth. Although the provincial mining area has only been superficially prospected within the transportation belt, new fields are developing, new roads and trails constantly being built.

Chattering drills sink deeper and deeper into the hills . . . heavy ores rumble through the concentrators . . . fortunes come tumbling from the treasure chest of British Columbia! What was once only imagined about our mining potentialities, is now proven knowledge. Mining has become our third largest industry... showing over 67 million dollars revenue a year . . . proof that prosperity flourishes in British Columbia.

Capital from Eastern Canada, the United States, Great Britain, France . . . seeks investment. Our great wealth of production, developing so steadily during the past ten years, has established confidence and aroused keen interest in British Columbia's mining future the world over.

Read these announcements and understand your province's progress . . . clip them out and send them to friends. If you desire extra copies of these announcements a note to this newspaper will bring them. Advertise your Province!
