Five years' wear on a ball bearing pump is less than the manufacturing tolerances in sleeve bearings. Sealing rings therefore maintain their original clearances and the pumps do not lose their efficiency.

Ball bearings require greasing but

(By R. J. Deachman)

OTTAWA, March/19.-Perhaps the worst job under Heaven is Minister of Finance to this native land of the Maple Leaf and Sow Thistle. Mr. Robb has a job which would bring tears to the eyes of a crocodile-smiles to the face of the sphinx. The gentleman who holds the purse strings must deal with all classes of people, but when the budget is on, his particular occupation is handling the advo- the spine to the stomach are cates of high tariffs and low tariffs.

Take the low tariff gentlemen first.*-They point out how trifling the tariff re-Winnipeg convention. With many of ductions have been. Here a little and the resolutions adopted there, I there a little! Four-fifths of one per cent would not agree, but one act of the on the Intermediate Tariff here, and oneconvention I commend-the choice tenth in some other place! Then, as soon of the party leader. They selected as they pass out, along marches other a fine leader, a man of courage and gentlemen who state that the slashing strong convictions, and well able to of the tariff has been terrific. In the express those convictions. He is an House of Commons it is the same. Bang excellent type of Canadian manhood.

R. E. EYOLFSON, D.C., Ph.C.

MONDAY HEALTH TALK

throat is removed.

Phones-

once a year and are dirt and water proof. Thus the pump is easier kept clean and the cost of lubricant and lubricating gangs is reduced.

Other reasons for the high efficiency and unusual economy of these pumps are contained in our bulletins.
