JUST A MATTER OF WEATHER

Yesterday when there was a blizzard blowing on the prairies, Prince Rupert was bathed in warm sunshine and the young folks were basking on the tennis courts.

We have our own little weather difficulties but they are not anything like as bad as at many points.

TECHNICAL EDUCATION

Recently there was a proposal for the establishment of a technical school in Victoria. The school board favored it but the ratepayers refused to sanction the expense. They can hardly be Anglican Church. Initial plans were blamed, for taxation bears heavily on all cities in this province.

In spite of the reluctance of the people of the country to Following the business meeting readopt it, technical education is sure to assume greater importance as the years roll by. Raising our boys and girls to do nothing but Burnett and Mrs. Geo. Dover being study books will fail. It is along wrong lines. One hour of manual hostesses for the afternoon. training or domestic science is worth a whole day of book study. The result of our system is that many people come to be book worshippers and to forget the practical things of life.

It developed at a recent meeting of the schoolboard that there night under Canadian Legion was well was a tendency for local students to skip their domestic science or attended and especially, well enjoyed manual training classes. That is simply the result of the system. The Legion orchestra furnished the music, song and speechifying, the lat-When the elders are educated to the desirability of training the music. hands practically as well as the brain theoretically, then the chil-

dren will esteem the classes which give them that training. In some schools half of the whole school time is taken up in manual or technical work. The result is that the students learn days. something which others do not have and they are never deficient in the knowledge which comes of books.

PREMIER KING'S BOOK

Premier Mackenzie King's latest book, "The Message of the Carillon," has attracted the attention of the press of Great Britain, says an exchange. The book is a collection of public addresses and takes its title from the opening one of the series. The Daily Express of London finds that it may be "something of an eye-opener teacher, who has been ill for several to those persons, who, ignorant of conditions 'over there,' insist on weeks at the home of Mr. and Mrs. Mcregarding Canada as a sort of 'colony' where the social and intellec- Kinnon at Vanarsdol was brought to tual standard of life is 'below' that of the Motherland." The Ex- Terrace on Tuesday and is at present press goes on to say that the types of political leaders presented in staying with the Misses Easthope and Mr. King's "clear pen-pictures' are significant of the position Canada holds, he "cleverly using his subjects as focus points of many important events."

Mr. King, in his sketch of Sir Wilfrid Laurier, as it notes, and Wednesday with Miss Mary Wilson brings out Canada's influence on South African politics. He writes: at Remo. "It is an open secret that in the framing and acceptance of the South African Constitution General Botha was not a little influenced

by the counsel and advice of Laurier. In a letter written to Sir Sunday from Chilliwack to spend the Wilfrid, and read by him at the tercentenary celebration to which I have just referred (1908), General Botha said: 'It is our intention to follow in the footsteps of Canada."

"More than one part of the Empire has looked to Canada in rived on Wednesday to spend a few the development of free government.'

DAYLIGHT SAVING

Yesterday we published a letter advocating daylight saving and we know that a good many other people strongly urge that it here during the week. should come into force in Prince Rupert. Also we know that when we advocated it and it became law a few years ago we brought on Mr. and Mrs. Emil Haughland left at ourselves the imprecations of those with families who found it dif- the beginning of the week on a visit to ficult to get the children to bed much before midnight. Personally Mrs. Haugland's parents at Engen, B.C. we favor daylight saving but, if put in effect, we think it should be Mr. Haugland returned on Thursday done after a vote of the people interested. We should be glad to hear from readers of this paper in regard to it. Those who like engaging longer visit. in outdoor sports and games of any kind usually strongly urge it. The people with families are not so keen.

INSTITUTE DISCUSSES MANY SUB-JECTS FROM INFANT MORTALITY TO PIG CLUBS

TERRACE. April 13. - The regular monthly meeting of the Terrace Women's Institute was held in Progress Hall on Tuesday afternoon. Roll call was responded to by naming a favorite Arrangements having been completed flower. Correspondence was read regarding taking part in the Institute. Exhibit of Homecrafts to be held in lisplay of old fashioned quilts, rugs, etc., to be held in the Hudson Bay Store, Vancouver. Possibility of securing several exhibits from private individuals was voiced and Mrs. W. H. Burnett was appointed to solicit exhibits. Mrs. McConnell reported having taken rders from twelve children for pigs, two for chickens and nine for garden seeds in he Boys' and Girls' Club. Mrs. Pohle was appointed president of this club and Mrs. Geo. Dover secretary-treasurer, work with Mrs. McConnell as super-

Some discussion took place in regard staging a district competition in but no action taken.

INFANT MORTALITY

Mrs. E. T. Kenney read a paper on legislation which would tend to lower QUARTERLY MEETING he maternal and infant mortality rate throughout the country. A system whereby proper medical attention could be obtained at no cost to parents would go far to minimize this deathrate and was a matter which the vomen's institutes throughout the country should keep agitating for until t was carried out.

Mrs. H. Smith, for the hospital comnittee gave a brief discription of the meeting of the hospital board at which the Victor X-ray machine representalive was present.

Suggestions for entertainment as an ducational and social influence were discussed and the secretary was asked; o write for a list of subjects for debates and also for a quantity of community song sheets. It was arranged to hold a special

BOARD OF TRADE AT TERRACE WAS BUSY

During Smoker Which Followed Discussion Centered on Golf Links Probe.

TERRACE, April 13. - The Terrace board of trade held its quarterly meeting in Progress Hall on Tuesday night. J. K. Gerdon presided over a fine attendance. After preliminary business the secretary read a letter from the secretary of the Associated Boards of Trade, Smithers, asking for the remittance of membership dues. Some discussion took place as to whether the organization was really worth the money it cost but while many were of the opinion that the dues were high, everyone was convinced that the parent body should be loyally supported and it was agreed to remit the cheque.

Reference to the condition of the local recreation park led to the suggestion that efforts should be made to develop the playing of the characteristically Canadian games of lacrosse and hockey. SMOKING CONCERT

After the conclusion of the business session the meeting settled down to enjoy a smoker concert and few more enjoyable nights have been spent in the town. There was an abundance of ter centering for the most part around the difficulties experienced by the golf committee. As a result of the night's free and easy discussion, it is safe to say that a solution of the committee's difficulties was very materially helped and production of a real live scheme in the near future may be anticipated. Refreshments were served during the

ANGLICAN SUNDAY SCHOOL OUTING AT TERRACE WEDNESDAY

TERRACE, April 13.-The senior and intermediate classes of the Anglican Sunday School were taken on a very enjoyable outing on Wednesday when in #= company with Rev. and Mrs. Robinson. Mrs. Sims and Mrs. Bishop, they paid a surprise visit to Mr. and Mrs. Merkeley at their home in the Kalum Valley about four miles from town. The visitors were given a hearty reception and were well facilitated in enjoying their picnic lunch. The party, which included the subject. children's choir, responded to their welcome by entertaining their hosts with late in the afternoon.

Alvara Model 4-90 electric motor

This is what John Phillip Sousa—famous band leader said when he heard his band for the first time on the new Orthophonic Victrola.

The audience is clamouring for an encore. A boy in uniform displays a placard reading "By Request". The "March King" raises both his arms. A moment of silence-and the trumpets and trombones break into the martial swing of some world-known Sousa march. Magnificent playing-this!

A crescendo of applause sweeps the auditorium, rivalling in volume the band itself.

Tonight . . . tomorrow . . . whenever and as often as you wish, you may hear this band in your own Wving room, through the new

Orthophonic Victrola. Not "something like Sousa", but Sousa, exactly as you would hear him in concert. Not Sousa only, but the foremost artists in every field, symphonic, operatie, ballad and dance, are ready to sing and play for you always. In no other way can you hear them with such realism, for this amazing instrument is based upon "Matched Impedance", Victor's exclusive principle of natural music for the home. New beauty and depth-full, round, mellow, lifelike. Bass and treble-all there!

Beautiful cabinets, smart designs, rare woods. Electric drive, if you wish at slight additional cost. All instruments self-stopping. Prices from \$1400 to as low as \$115 on convenient payments at all His Master's Voice dealers. Hear them today!
