IF you like to iron we'll be glad to do the harder job of washing. And without mending your home! We'll call for your family bundle. We'll wash it snowy white in pure soap and rainsoft water. We'll extract most of the water in our special fabric-saving spinning basket wringers. Then we'll return everything to you, sweet and sanitary. . . . and just damp enough for your own hand iron. We call this our Wet Wash Service. The charge only 5 cents a pound.

# Revivifying The Glands

Because they say certain glands wear out and that we lose youth in consequence, some "scientists" advocate their removal and the substitution of equivalent glands from a monkey. They are wrong, for these glands did not wear out—their supply of vital energy was cut off.

Every gland and organ in the body functions by means of vital energy delivered over the nerve lines. This energy is necessary, but the delivery of it is dependent upon keeping the nerve lines open. This is accomplished by Chiropractic Spinal Adjustments.

By my chiropractic health method I correct diseases of the eyes, ears, nose, throat, lungs, heart, stomach, liver, kidneys, bowels and lower organs.

# COMOX CASE COURT TODAY

Considerable merriment prevailed in County Court this morning at certain junctures of the case of Wong Hoey, Chinaman, who is suing Mabel Iowa, colored lady of Comox Avenue, for \$255 special and \$500 general damages for medical expenses, a man plaintiff had to employ while he was under the weather and general damages as a result of a dog bite alleged to have been inflicted by defendant's canine. As a result of the bite, plaintiff's leg, he claims, became infected and he was confined to his bed for a month.

After hearing the evidence, Judge Young reserved his judgment. John V. Cline appeared for the plaintiff and L. W. Patmore for the defendant.

# MARVELUBE IS GOOD FOR AUTOS

LOCAL TAXI FIRM AGREEABLY SURPRISED AT SPLENDID LUBRICATING QUALITIES OF MARVELUBE

The following unsolicited testimonial has been received by Imperial Oil Limited from Joe Brown, 80 Taxi Service: Mr. George A. Woodiana, Imperial Oil Limited, Prince Rupert, B.C.

Dear Sir—  
I would like to draw your attention to one of my Dodge Sedans, a 1925 model, twenty-six months old today, driven 50,000 miles in the taxi business. We took the motor out to look her over, thinking that after that amount of mileage, we might have to do a re-boring job and other tightening up. I phoned you at your office but you were out of town. I would have liked you to have seen the splendid condition the cylinders were in, also main bearings and crank shaft bearings—not a bit of slack in either, camshaft in good condition and all we did was put in new pistons, and now the engine is ready to do another 50,000 miles. I have used Marvelube Oil since the first day it was procurable, and have five cars all using same and have splendid results. I have tried other oils but only for a short time as with some other oils which are more expensive, the engine would pump oil in the two front cylinders. I am giving you this record of my car unsolicited and, if you want to use it, you may, as I am a steady user of Marvelube.

Yours truly,  
(Signed) JOE BROWN,  
Brown Taxi Service,  
80 Taxi.

# Man in the Moon

THIS is the season of the year when the chickens hold their coming out parties.

THERE are two reasons why Prince Rupert people do not rise very early in the morning. One is that they stay up late at night and the other that the Sun is at least half an hour late on account of having to come up over the mountains.

WAKE me early in the morning  
When the dew is on the sward.  
If you fail to wake me early  
I'll get up of my own accord.

THIS is the time of year when it is possible to study birds. And I am not referring to the birds that stay out all night and forget to work.

THE most flirtatious girl I know is the goddess of spring. She does not seem to know her own mind. One day
