Reports on Year's Work Indicate Congregation in Flourishing Condition

(By W. W. C. O'Neill, Secretary) The annual congregational meeting of First Presbyterian Church, Prince Rupert, was held in the church yesterday evening at eight o'clock. There was a good attendance of members and adherents. Rev. J. R. Frizell, B.A., LL.B., minister and moderator of session, pre-

The treasurer's report showed that the church collections for 1927 had been the highest for the past ten years with the exception of one year. The Sunday school report showed an enrolment of 188 scholars and that on last Sunday there had been a record attendance of 177 scholars. The ladies' aid had very loyally supported the board of managers in their work of financing the church and had also done good work in connection! with the cradle roll department of the Sunday school.

The various reports showed the church to be in a very flourishing condition and that a total sum of \$5,783.35 had been received for all purposes.

The success of a church depends very largely upon the minister and in looking back over the first year's work of Rev. J. R. Frizell we have every reason to congratulate ourselves on our choice done his duty in connection with pastoral calls, having visited every family
