

The Only Car with a Sealed Chassis -fully guarded against dirt, dust and moisture-and offering protected performance

IT is the fashion of the day to place first importance on motor car beauty; and for this the alluring beauty of McLaughlin-Buick's smart, lowswung bodies by Fisher is largely responsible. But keep in mind that you get many things besides beauty when you buy a McLaughlin-Buick. You get unequalled riding ease-vibrationless performanceand above all the unique reliability of the worldfamous McLaughlin-Buick Sealed Chassis and Triple-Sealed Engine.

Every vital part of the McLaughlin-Buick chassis is enclosed in dirt-proof, dust-proof, water-tight housings to assure reliability and long life. And McLaughlin-Buick's proved Valve-in-Head Engine is fully guarded by crankcase ventilator, air

cleaner, oil filter and gasoline strainer. McLaughlin-Buick is the only car offering this twin feature as well as protected performance under all road and weather conditions.

Admire McLaughlin-Buick beauty-but insist upon McLaughlin-Buick dependability. It's a wonderful thing . . . even in these days when all cars are assumed to be dependable.

The G.M.A.C. Deferred Payment Plan offers many advantages to buyers of McLaughlin-Buick cars.

I use Champion Spark Plugs because I know I can depend on themno matter how tough the going.

Champion is the better spark plug because it has an exclusive sillimanite insulator specially treated to withstand the much higher temperatures of the modern high-compression engine. Also anew patented solid copper gasket-sealthatremains absolutely gas-tight under high compression. Special analysis electrodeswhich assure a fixed spark-gap under all driving conditions.
