

Try "Canada Dry" today as a dessert

THIS summer weather has a way of getting hold of you just about lunch time and taking away your appetite. You don't want much. But you want something. "More to be eating," you say, "than because I'm hungry."

Now here is a suggestion. Order a light lunch with a green salad. Just plain lettuce with dressing or something with fruit in it.

And then, as a dessert, drink a bottle of "Canada Dry." How it does "perk" you up!

You'll be surprised how it refreshes you. Its subtle flavor instantly appeals to you. Its dryness quenches your thirst. Its mellowness simply sets you right with the weather and the world in general. Because "Canada Dry" contains the finest quality of Jamaica ginger and other absolutely pure ingredients it is really good for you in hot weather. Note how well it mixes with other beverages. Try it with luncheon today!

Declares War "Fruit-a-tives"—the Enemy of Dyspepsia

ST. URSULE, QUE.—"For ten years I could not digest food. Now I eat like a new man. Fruit-a-tives relieved me completely."
Jos. Martin.
Our way of living lays most of us open to recurrent attacks of dyspepsia and kindred ailments. To remedy this, the regular use of Fruit-a-tives is highly recommended.
The gentle, natural stimulation of the bowels and digestive system by the fruit juice extracts and tonics in Fruit-a-tives soon heals bothersome and painful digestion. Try it. Sold by all druggists—25c and 50c per box.

WEAK BACK, KIDNEY AND BILIOUSNESS

KIDNEY DISEASES

The kidneys are the filters for the whole system, eliminating from the blood stream all excessive fluids and waste that cannot be disposed of through any other channels. As long as the system is in reasonable condition, and nerve pathways leading to them are unobstructed, these organs remain in a healthy condition, but if forced to eliminate large amounts of filthy, morbid matter, uric acid, sugar, etc., the delicate membrane becomes inflamed and so modified that it is incapable of performing its function. There are two general conditions resulting from overworked kidneys: Nephritis, or Bright's disease, in which the urine is suppressed, thus leaving the waste and poisons in the blood; and Diabetes in which the organs become overactive and too much urine is voided. In either case, pressure on nerve trunks will result, making it certain that there is trouble ahead. Don't let your kidney trouble become chronic. Consultations Free
