We Eat No Meals; Ride No Cars

WHEN you hire us to do the family washing, you are not put to the expense or bother of feeding us. We eat nothing! Neither do we ask you to pay our carfare. Instead we call for and deliver your washing. We buy our own soap, starch and bluing. Heat our own softened water. Use our own electricity, too. There's no "picking-up" after us. We take all the messy work out of your home, giving you an extra day to do the things you like to do! Yet you'll find our charges most reasonable — considerably less than it would cost you to do the same work at home. Try us, and see!

WINTER SPORTS IN MOSCOW ENJOYED

These Have Taken Hold of all Classes and Skating on the Ponds is General

MOSCOW, March 1. — At the moment the Moscow public is chiefly interested in the winter sports meeting, skating competitions, and long-distance ski-running. Groups of competitors starting from all parts of Russia and covering over 30 miles daily are arriving in Moscow to receive a solemn welcome from the members of the Government. One party from the Northern Dvina covered 670 miles in 21 days, ski running five or six hours daily, another party 340 miles in eight days.

Winter sports in the last few years have taken hold of all classes, and numbers of the Soviet People's Commissars are to be seen skating daily amid crowds on the Moscow ponds.

As much space in the newspapers is taken up with these important affairs as with the reports of corn collection, which, after the adoption of part of the opposition program of bringing pressure on the richer peasants, are much more hopeful than they were.
